

San Francisco Youth Soccer DEVELOPMENT CAMPAIGN

The Campaign

San Francisco Youth Soccer is a nonprofit community soccer organization (EIN 94-3322034), benefiting San Francisco youth. Our mission is to support youth soccer and leadership through sport.

SFYS has launched a fund-development campaign. Our goals are to expand our connective programming in the community and find new and creative ways to make soccer in SF accessible, affordable, fun, and deeply rooted in the fabric of growing up in the city. Funds raised will ensure that SFYS continues to offer the best possible programmatic experiences - at affordable rates! - to all of its members, regardless of socio-economic status.
