## Commercial Cleaning Disclaimer

**Our technicians are not allowed to start any work until this disclaimer is signed**

By signing this document, I agree that all employees have been made aware through emails or other means of communication that the carpeting will be cleaned on\_\_\_\_\_. We asked that all employees try to avoid coming to the office the day of the cleaning. Employees who must come by the office the day of the cleaning, have been told to use **Extreme Caution** as the carpet will be damp, and hard surfaces could be slippery, and the hoses from the cleaning vehicles may be in unexpected places. We understand that all caution signs PGF Carpet & Floor Care has provided are to stay in place until the carpet are completely dry, and you are aware of all risk associated with walking on damp carpet.
