the **HAWAIIAN**

Miracle Master of Tournament Archery

Tremendous cast and greatest "ease-off" in pounds-per inch ever accomplished in a bow, are but a few of the advancements in the great, new "Hawaiian" that took 3½ years to perfect. Put to every conceivable quality test, the "Hawaiian's" unique tri-tapered laminations produce the most positive full-working recurves on the market today.

Patterned after the famous Turkish bows, this bow-making miracle combines smooth effortless draw and stability with consistent centering accuracy. Precision made of costly hardwoods, the "Hawaiian" is truly . . . the greatest advancement in composite bows.

PENNSYLVANIAN

Favorite Game Hunter

Specifications

- ... Length — 60"
- ... Draw — to 30"
- ... Weights — to 60 lbs.
- ... Sight Window — 4½"

Power and accuracy plus beauty and lightness, that's the "Pennsylvanian" . . . a favorite among bow hunters for its amazing speed and rugged dependability. The "Pennsylvanian" has full working recurves produced with "Owens Perma-Glass" and a precision fast cast compressed core . . . featuring a sculptured hardwood handle and form-fitting pistol grip handle with full-center-shot . . . an excellent bow for women, too, with no finger pinch and stack free draw at any weight.

TEXAN

Top Performance At A Budget Price

Specifications

- ... Length — 62"
- ... Draw — to 30"
- ... Weights — to 60 lbs.
- ... Sight Window — 6"

In its price class, the "Texan" is superior to any bow offered anywhere — a fast, sturdy, true shooting bow with full working recurves and twist-free limbs, engineered for speed and stability. Features rare imported hardwoods, skillfully sculptured to a form-fitting pistol grip handle with full-center shot. The "Texan" is an economical bow, guaranteed to give every thrill of the higher priced models whether on the hunt or at target.

ALL AMERICAN

For "Tomorrow's" Experts A Wonderful "First" Bow

Specifications

- ... Length — 52"
- ... Draw — to 26"
- ... Weights — to 35 lbs.
 @ 26"
- ... Sight Window — 4¾"

Younger boys and girls and women too, will find the "All American" the ideal beginner's bow. Extra short with amazing cast and no finger pinch, the "All American" draws as smooth as silk. Scaled down from the proven design of its "Pennsylvanian" big brother, leaves no room for fear of breaking, sacrifices nothing in quality. Featuring full working recurves and full-center-shot handle, the "All American" is the answer for all young archers.

Price **\$19⁹⁵**

(36 to 50 lbs. @ 28")

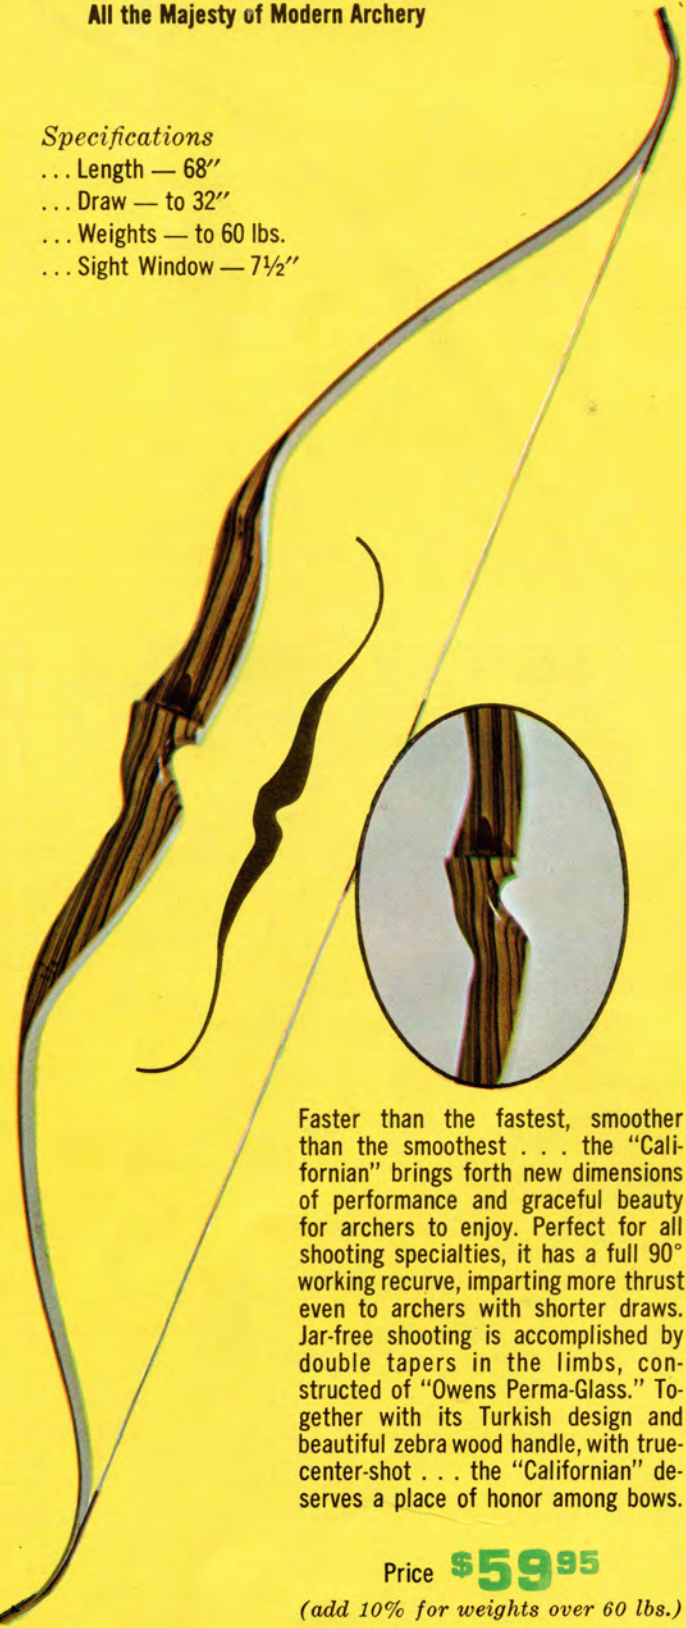

Price **\$24⁹⁵**

CALIFORNIAN

All the Majesty of Modern Archery

Specifications

- ... Length — 68"
- ... Draw — to 32"
- ... Weights — to 60 lbs.
- ... Sight Window — 7½"

Faster than the fastest, smoother than the smoothest . . . the "Californian" brings forth new dimensions of performance and graceful beauty for archers to enjoy. Perfect for all shooting specialties, it has a full 90° working recurve, imparting more thrust even to archers with shorter draws. Jar-free shooting is accomplished by double tapers in the limbs, constructed of "Owens Perma-Glass." Together with its Turkish design and beautiful zebra wood handle, with true-center-shot . . . the "Californian" deserves a place of honor among bows.

Price **\$59⁹⁵**

(add 10% for weights over 60 lbs.)

KENTUCKIAN

King of The Hunters — Superbly Glass Camouflaged

Specifications

- ... Length — 54"
- ... Draw — to 29"
- ... Weights — to 60 lbs.
- ... Sight Window — 5¼"

From jungle to mountain top, to open fields . . . bowhunters have welcomed this great advance in modern game hunting. With camouflaged glass built right into the bow, the "Kentuckian" exactly duplicates jungle warfare uniforms . . . gains added strength and stability along with tremendous cast. A real powerhouse among hunting bows, the "Kentuckian" is precision made of tapered, rock-hard white maple laminations giving full benefits of true working recurves . . . actually deflexed, reflexed, and recurved beyond 90° . . . and absolutely no stack due to double tapering.

Velvet smooth draw combined with unsurpassed strength, comfort, speed, and accuracy make the "Kentuckian" all you want in a hunting bow.
