Getting DIRECTV® is easy! If your property is already wired for video distribution, it's that much easier. You only need one mini-dish per common rooftop. The dish doesn't have any moving parts, so it withstands the elements. But if you ever need customer service, we are available 24 hours a day.

CommConnect provides DIRECTV® satellite television equipment and everything you need to make the most of your television - as both pure entertainment and as a promotional tool. We provide customized solutions for your property, including high definition programming, to help you maximize your bottom line.
