**TOURNAMENT DATES**  
June 1 & 8

Team	Standings	
	Record	Points
Team 1		
Team 2		

Tie
Win

Seeding will be by 'points' throughout season  
3 points for win  
1 for tie

Ties will be determined by head-to-head results & then goal differential

**Aggregate scoring will be used**

Aggregate scoring is the combination of 2 games.  
Example: Team 1 scores 3 goals and Team 2 scores 2 in Game 1; then in Game 2 Team 1 scores 1 and Team 2 scores 3. According to aggregate scoring Team 2 would win when combining total goals. Team 1 = 4 and Team 2 = 5 -> Team 2 wins!
