

2017 Midsummer Farm CSA Reservation

Yes, I would like to reserve a subscription to Midsummer Farm's Certified Organic, Biodynamic, Animal Welfare Approved, and non-GMO Harvest* in the 2017 growing season!

To conserve resources, we package our weekly CSA shares in old-fashioned bushel baskets – we ask that you remember to return the previous basket each week when you pick up your next share... Thanks!

Every so often, we have to cut back on the number of CSA members we take on for a season. This way, we can give ourselves the time and field space to grow and expand our crop varieties. So for the 2017 season, we will only have 5 Total Taste of The Farm Shares available. First come, first serve.

These will be very cool shares - you will find yourself as a very active member of the farm, experimenting alongside us as we trial cool new varieties as well as new cut flowers, berries, herbs, and fruits grown in our greenhouse. Everything is, as always, certified organic and non-GMO. And this year we will have a home-grown organic chicken for each CSA member as well...

Although we don't like cutting back on CSA members, we really like these years when we get to cut back on the hustle and bustle of the CSA baskets and spend time experimenting in the garden - we end up learning new things and expanding the varieties we grow, both making future CSA shares and our Plant Sales better and better!

“Total Taste of the Farm” Share (includes May 10th early spring bonus share basket!)

This is the 16-week traditional vegetable share combined with the summer egg, single flower, and mushroom shares. We'll also add in some of our other farm products that we just don't produce enough of to share with everyone, like honey comb, smoked and dried peppers, duck eggs, and more! (\$975.00)\$ _____
