

Ft. Bragg 1966-69(the first time)

April 28, 1967

At that time General Westmoreland was commander of all military in Vietnam. He had family in the Fort Bragg area and he would visit infrequently. These next two photos were taken when his personal aircraft stopped off at Fort Bragg. The civilian newsman in the photo is Jeff Thompson who was news director of station WFLB in Fayetteville. Jeff was later Program Director of WFNC where I worked at night.

General Westmoreland had a reputation for inviting soldiers on emergency leave to travel on his aircraft when he returned to the US.
