

When the BIG ONE Hits:

1. Check for domestic and pet injuries.
2. Check and record home structural and electrical problems.
3. Check and record injuries and structural damage on other residences on Castanea Ridge Road. If needed, cut gas and electrical service to damaged structures.
4. Open and place in operation the Castanea Ridge communications trailer.
5. Collect and compile information from Castanea Ridge and Portola Heights.
6. Scan for in use frequencies in order to contact San Mateo County EOS center.
7. Pass needed information to San Mateo County Office of Emergency Services. (SMCOES) from local communities.
8. Pass needed information back to local communities from SMCOES.
9. Maintain power and radios in communications trailer for as long as needed.
