Journey Leader: Mr. Tom Jacobs | Photographer

Tom has been a full time and passionate photographer for over 16 years. His work has been exhibited in many local venues and at higher-end, juried art fairs. His background in computer software contributes to the technical skills applied to his photography. His creative side is nourished by a lifelong talent as a guitarist. He is a member of the Carmel Center for Photographic Arts and Monterey County ImageMakers. Tom's new path of impressionistic imagery is a natural evolution of, and complement to, his traditional style. The colors, textures and light in his images often lead the viewer to think they are paintings rather than photographs.
