

Hello, ABATE members, I hope everyone is doing well and staying healthy. Wouldn't you know it the weather is warming up and now we are under quarantine this sucks. China has the whole planet seriously sick. They screwed the economy for this country that was doing better than ever before. OK I guess I should shut up before I get going and make a big ass out of myself. OK since we don't have a meeting this month and I doubt we will next month either, I hope we do but I doubt it, (china sucks) people can text me your birthday or anniversary our anything and I will do my best to get it in the newsletter.

I don't have much but here it go's... A BIG HAPPY BIRTHDAY to Pin Head 4-15 he is a big 66 years young and Caroline Reagan 4-17 I can't put her age in because most women don't like that kinda of thing.

OK by the time you get this I have already did my reverse rain dance and I hope it works. If you read my region report last month you know what I am talking about. OK that's all I have for this month and remember that prayers are needed all around the world this time and extra more for our ABATE members that we have been praying for that need that extra boost.

I hope to see everybody come out of this healthy and stronger than before.

Remember tough times don't last - tough people do... GOD BLESS YOU ALL
