**RE: INDIVIDUAL PRODUCER LICENSE EXPIRATION  
DATE – FOURTH EXTENSION**

The Department of Financial Services has released [Supplement No. 3 to Insurance Circular Letter No. 9 \(2020\)](#) offering license expiration relief to individual insurance producers, including individual excess line brokers, through **November 5, 2020**.

The Circular Letter extends prior suspensions of the expiration of individual licenses for all producers, any related late fees, and the requirement that a monitor be present to complete producer continuing education and pre-licensing course exams online. All licenses that would have expired between March 25, 2020 and November 5, 2020 but for Circular Letter No. 9 and its Supplements will automatically expire on November 6, 2020 unless the producer has submitted a license renewal application, including completion of all necessary continuing education credits, before that date.
