To the Members of Stand T.A.L.L.,

I cannot begin to express my gratitude for all of the community work that you have done for all the local Law Enforcement Agencies. It is comforting to know that within Henderson County, we have such a thoughtful organization within our community.

When we talked about reintroducing the Bike Patrol Unit, we thought we would start off with one bicycle and expand with time. With your assistance, we received two bicycles! Since we have received the bicycles, Lieutenant Capps has utilized it every day, and now, more officers are showing interest in participating. We can be more visible and more approachable to the public. Being able to have more personal connections with the people that we serve is a key factor within our mission. We have received many compliments and words of appreciation from not only the residents, but the folks that visit our Town.

Because of Stand T.A.L.L.'s generosity, we have been able to restart our Bike Patrol Unit. Since I became Chief of Police in 2012, I have talked to Ron on many occasions, he has always been a person of support for me. He also has knowledge of our needs and our mission. We are a smaller department, which means that we are community oriented to a higher degree. The officers and I enjoy our Town and the people of Laurel Park; and, the Bike Patrol Unit is an addition to our services and our dedication to those people.

Thank you for your continued support!

Sincerely,
