

CREATION

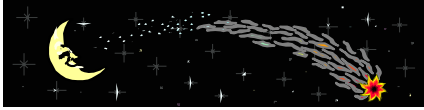

of the World

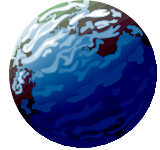

Distributed by Mu Nu Ministries

The Bible describes how God made the world. In the beginning there was just a void and God was in His Heaven with the angels. He had a most wonderful vision.

He would create a beautiful universe,

a beautiful planet

and a beautiful Garden.

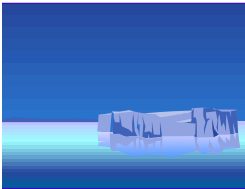

And in that garden He would place special people, greater than the animals. These people would be made in His image – they would love like Him, think like Him and act like Him. They would be holy people.

God did not begin with a big bang. He was creating something very dear to His heart, and He took great care.

On His first day He created light and He separated this from the darkness, so there was day and night. This day and night was not 24 hours as we know it. The Bible says –

With the Lord a day is like a thousand years, and a thousand years are like a day. (2 Peter 3:8)

On His second day He separated the sky from the seas.

On the third day He separated the waters and the land.

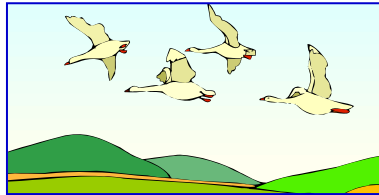

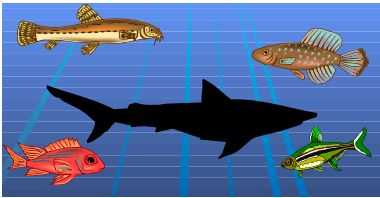

Then He said – Let the land produce vegetation: seed-bearing plants and trees. (Genesis 1:11)

He was very happy with His creation and each day He decided it was GOOD.

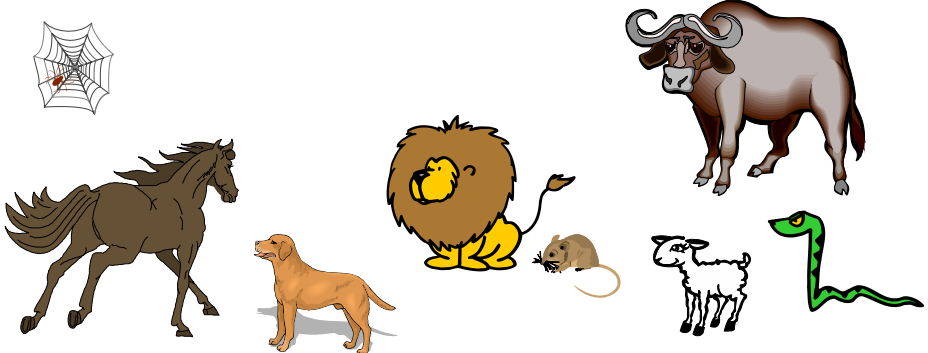

On the fourth day He decided on lights in the sky – the sun, the moon and the stars to mark seasons and days and years. All these He spoke into being with His powerful word.

On the fifth day He ordered the waters to be filled with living creatures and birds to fly across the sky. He blessed them that they would increase.

On the sixth day God was looking forward to his special creation – animals. He made wild animals and domestic animals. But He also made all the other creatures that move along the ground, and He loved what He had done.

AH!

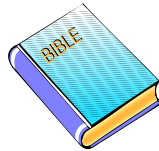

Everything is ready for My best creation!

At the end of day six God created Man, a man and a woman. They were to be different from the rest of His work because He breathed into them His own LIFE and then He gave them His authority to rule over His creation, everything that He had created before He made them. He looked and everything was VERY GOOD.

This is the recorded story, handed down through 1000s of years.

Just like any father He prepared a place for His family and provided what they needed. But His family is any or all who are willing to submit to Him and trust Him. As the many years have gone by, the care and stewardship of God's land has not been good.

In the Bible story that first man and woman were supposed to learn from God Himself how to care for the creation but today people think they can do it their own way.

When we are in God's family we learn how to care for His creation, to rule over it as He intended. We can come into God's family as soon as we turn from our own way and choose to follow Him. His arms are open wide to receive us.

We can pray -

YES LORD!
I would like to come!
