

Here it is July 12, 2021, and we still have not been able to get our insurance fix even on to the floor of the house. As far as I know HB 4809 is still stuck in the House Insurance Committee. Region 9 has a member on the committee, Rep Sarah Anthony in the 68 district, and I hope all region 9 members have contacted her, if not, her contact number is 517-373-0826, Email SarahAnthony@[house.mi.gov](mailto:SarahAnthony@house.mi.gov). From what I understand the full insurance law is in effect as of 7/1/2021.

On the National front the Highway bill has passed the house, and thanks to the efforts of the Motorcycle Riders Foundation (MRF) and others, it includes 5 biker priorities, Profiling, Traffic Stop Data Collection, Motorcycle Advisory Council, Autonomous Vehicles, and Motorcycle Safety Funds.

Patty Rahn's memorial will be August 14th, you can check more information on facebook or newsletter.

That's it for this month, be extra safe out on the road.

Remember, you may not want to be involved in politics, but politics are for sure involved in you.

Nick
