

The Center

"It is better to trust in the LORD than to put confidence in man"
(Psalm 118:8)

It blows my mind that we are always on God's mind. I love the Word of God! It is amazing. God is far greater and more powerful than the universe He created. Hang with me for just a moment. You'll probably know some (if not all), but I am going somewhere with this.

The shortest chapter in the Bible, is Psalms 117.

The longest chapter in the Bible, is Psalms 119

The chapter that is in the center of the Bible is Psalms 118.

This means, there are 594 chapters before Psalms 118, and 594 chapters after Psalms 118. If you add the numbers up (594 + 594), you get 1188.

The center verse in the Bible is Psalms 118:8... "It is better to trust in the LORD than to put confidence in man" (Psalm 118:8, KJ).

How amazing is it that this verse located in the center of the Bible speaks directly to all mankind about God's perfect will for life. The definition of Center means- a point, area, or thing that is most important or pivotal in relation to an indicated activity, interest, or condition!!! Everything flows around the center. This is the center of His Word. It's the heartbeat that brings holds it all together.

God's deep love for mankind is revealed. I love how this worked out!!! God, visible in the very center of His Word speaking directly to you. How much more should He be the center on your life?

Psalm 118:8
