

Texas Best DOT Consultants and Compliance LLC

DOT Training Course Overview

Course 102 – New Entrant Program Starting off in full Compliance

This course will examine the complex issues of Administrative Compliance. This course is inclusive of the information provided in course 101 and a whole lot more. Motor Carriers are required to complete certain things before beginning operations. We will examine these steps so you can be in full compliance from the start! We will discuss the required DOT files and forms that Motor Carriers are required to have and maintain. Are your processes complete? Do you have everything you're required to have? Are you sure?

Texas Best DOT Consultants and Compliance, LLC. has decided to offer the attendees of this class a bonus. It's our way of saying thank you for choosing us. All attendees will receive our "Thirty-Three Files and Forms" (a \$299.00 dollar value) absolutely free with paid class tuition. As a part of our lecture, we will discuss our "Thirty-Three Files and Forms" and explain the process used to keep the required contents updated and ready for review.

Paid attendees will receive our "Thirty-Three Files and Forms" and a Course Certificate.

Topics addressed in this training include, but are not limited to:

- How to obtain a DOT number?
- How to obtain a MC number?
- How to obtain (UCR) United Carrier Registration?
- How to obtain TX DMV Insurance Cab Card?
- How to register my vehicles? What class of registration? Apportioned, Combination or Truck Plate?
- How to obtain (IFTA) International Fuel Tax Agreement?
- How to obtain (PHMSA) Haz-Mat Authority
- What is the minimum amount of Insurance I must have?
- What marking are required?
- Do I need a Drug and Alcohol testing program?
- What documents are required to be in the power unit?
- Do I need a CDL? What class do I need?
- What are the minimum required DOT files and forms?
- How do I maintain my required forms and files?
- How does file structure, appearance and organization help during an audit?
- What is the process to *qualify* a regulated driver?
- What are the penalties for non-compliance?

We will discuss many steps you need to complete before your company begins "operations".

Our seasoned presenters understand the requirements placed on trucking companies by State and Federal Government. Our New Entrant Training is designed to help individuals who are about to start or recently started a trucking company. Our goal is to help you start out the right way and be there to help you along the way!

The Consultants at Texas Best DOT Consultants and Compliance LLC. are retired Texas Department of Public Safety Commercial Vehicle Enforcement Troopers, Sergeants, Compliance Review Investigators and CR Supervisors. We understand the complexities of compliance and wish to share our knowledge with you.

At Texas Best DOT Consultants and Compliance LLC we practice the "Pro-active" approach to compliance verses the "Re-active" approach.
