

Name \_\_\_\_\_

Date \_\_\_\_\_

Subtract. Write the difference in standard form.

1. 7 tenths  $-$  4 tenths = \_\_\_\_\_ tenths = \_\_\_\_\_

2. 6 hundredths  $-$  4 hundredths = \_\_\_\_\_ hundredths = \_\_\_\_\_

3. 12 tenths  $-$  9 tenths = \_\_\_\_\_ tenths = \_\_\_\_\_

4. 58 hundredths  $-$  23 hundredths = \_\_\_\_\_ hundredths = \_\_\_\_\_

---

Use a related addition equation to subtract. Let the letter represent the unknown part. Fill in the blanks and use the arrow way to record your thinking.

5.  $4.3 - 1.8$

Related addition equation with  
unknown part  $d$ :

\_\_\_\_\_  $+ d =$  \_\_\_\_\_

Arrow way:

6.  $5.21 - 3.75$

Related addition equation with  
unknown part  $w$ :

\_\_\_\_\_  $+ w =$  \_\_\_\_\_

Arrow way:

$4.3 - 1.8 =$  \_\_\_\_\_

$5.21 - 3.75 =$  \_\_\_\_\_

Subtract. Show your work by using a number bond.

7.  $3.1 - 0.7 =$  \_\_\_\_\_

8.  $4.63 - 0.08 =$  \_\_\_\_\_

9.  $2.7 - 1.9 =$  \_\_\_\_\_

10.  $5.11 - 2.87 =$  \_\_\_\_\_

---

Subtract. Show your work by using a number line.

11.  $1 - 0.3$

$1 - 0.3 =$  \_\_\_\_\_

12.  $0.1 - 0.02$

$0.1 - 0.02 =$  \_\_\_\_\_

13.  $2.3 - 0.6$

$2.3 - 0.6 = \underline{\hspace{2cm}}$

14.  $3 - 0.04$

$3 - 0.04 = \underline{\hspace{2cm}}$

---

Subtract.

15.  $4.1 - 0.8 = \underline{\hspace{2cm}}$

16.  $5.3 - 2.9 = \underline{\hspace{2cm}}$

17.  $8.24 - 3.95 = \underline{\hspace{2cm}}$

18.  $9.4 - 7.55 = \underline{\hspace{2cm}}$

Use the Read–Draw–Write process to solve each problem.

19. A large apple weighs 0.22 kilograms. A peach weighs 0.15 kilograms. How many more kilograms does the apple weigh than the peach?

- 
20. Kayla earns \$5.75 washing the dishes and \$2.50 taking out the trash. She spends \$4.89 on a notebook. How much money does Kayla have left?
