Travel Safety and Personal Protection Workshop for Students Going Abroad

Spartan Group is proud to offer the only Travel Safety training of its kind, taught by veteran law enforcement and military personnel, who are here to ensure your semester abroad is a safe one.

Course Description: This workshop is designed for the high school or university student traveling or studying abroad, their loved ones, as well as educators and chaperones that may travel with groups of students under their care.

Recent events worldwide have shown that no foreign destination is completely safe. Reports of Americans being targeted by terrorists, criminals and sex offenders overseas occur at an alarming rate. To address this critical threat and pressing need, Spartan Group has developed the Travel Safety/Personal Protection Workshop tailored specifically for students going abroad, their loved ones, and the staff charged with their safety. The workshop was designed to introduce participants to the practical measures that must be taken to ensure the safety of American exchange students and young tourists as they study, travel and work throughout the world.

Created and designed by members of the United States Military Special Operations Community, the course contains skills and techniques used in the training of U.S. government officials, diplomats, and embassy staff personnel and their families. These techniques are currently employed by those living and working in the most dangerous areas of the world and the workshop provides the most up-to-date intelligence and information to ensure the traveler's safety.

Targeted specifically to heighten your students' personal situational awareness, this workshop will provide them with the tools, knowledge and skill set necessary to become a **"hard target"** and not easily fall prey to those who seek to do them harm.

In addition to the lifesaving skills and attitudes taught in the course, School Administrators and University Presidents can rest easy knowing they have provided their students and staff with the tools necessary to live and study abroad, and most importantly, return safely!

SPARTAN GROUP

Counter Terrorism ▪ Crisis Management ▪ Dignitary & Executive Protection ▪ Security Services ▪ Tactical Training ▪ Risk Assessments ▪ Antiterrorism

Topics covered during a typical workshop are:

- Airport Security Measures
- Air Travel Safety
- Trip Planning
- Individual Protective Measures
- Threat Identification
- Crime Prevention Overseas
- Hotel and Dorm Room Security Measures
- Surveillance Detection
- Mitigating Kidnap Risks & Kidnap Survival Strategies
- Terrorism Overview and Awareness
- Sexual Assault Prevention / Crimes Against Woman

The travel safety training can also be custom designed and targeted to a specific area of the world to include a country and area study addressing the specific threats in the region. Other skills and training such as self-defense, first aid and CPR instruction can also be added for a two-day seminar that leaves you completely prepared for your next semester abroad, family vacation, or adventure excursion.

Course Length: One day (8 hours).

Location: TBD

Instructor: Primary and assistant instructors from Spartan Group's elite training cadre – see our website for info.

Cost: Price on request or through your college or university.
