Thank you Brett, Saul, Kristina, Cecily, Emily, Stacey, Cindy, Pam, Travis Christy, Diana, Lisa, Laura, JC and Dena

We were honored to receive a donation from the **Tevelson Living Trust**. In loving memory of Marchel "Charlie" and Alice Tevelson. Their legacy lives on in the work we'll do for dogs in need in their honor. We're so filled with gratitude and appreciation.

Lori

Dalai

Miss Lori, founded "**Taking it to the Streets with Lori & Shira**" in Riverside in 2012. She and her daughter help the homeless with their pets. Food, spay/neuter, support & education about pet responsibility. We lovingly support her work. Lori found **Dalai** in the river bed. He was sick, left for dead. We were able to help with surgery for a mass on his spleen. He is slowly getting better. Poor guy even had rocks in his tummy.

Little Aurelia, cocker spaniel rescued by **2nd Chance Dog Rescue** had emergency bladder surgery to save her life. We helped her!

these were her bladder stones

Bruno was rescued **Dream Team Angels** in the San Bernardino area. **Bruno** suffered years of neglect and had urgent health issues. Helped with his vet care.

Bruno

Alice from "**Dream Team Angels Rescue**" holds **Ginger**. We love helping this awesome rescue!

Adorable, tiny **Ginger**. She was adopted from San Bernardino City Shelter, then returned later at death's door with severe kennel cough. Instead of taking her to a vet, her owners returned her to the shelter.

We were able to help with her vet bills, knowing it was touch and go, but she made a complete recovery and was adopted in to her new home.

We haven't been in a position to pull new dogs from the shelter, with our current surgeries & specials needs dogs. We've been caring for our current pack, dogs who are returned, as well as helping other small rescue organizations who are doing the heavy lifting from the shelters. We help with specific dogs with their vet bills, food and supporting their rescue efforts.

owners. It was a long difficult, but important journey. Heartfelt thanks to each of you who were there for us the entire journey.

Including our first attorney David Clark, Shawn and Kelly, Debbie Elster for her documentary film. To all those who donated and shared their stories.

To our generous, compassionate animal rights attorney, Bryan Pease who stayed the course to the very end.

In April, while having **Maverick's** teeth cleaned, we discovered that he had a severe hip deformity on both hips.

He was basically walking bone on bone ALL these years (he is about 5). Dr. Pike, who also did Ace's surgery, fixed him right up! We cannot lie, the recovery was hellish for all.

Intensive nursing care. He had to learn to walk again, use stairs.. everything. But we did it together !

Five long years after our rescue dog **Sandy** was ordered killed at Chula Vista shelter by a dog "trainer" we hired, our fraud lawsuit was settled.

We accepted the confidential out of court settlement she offered. The trainer is Cate Sacks, owner of Shelter Dogs To Dream Dogs in El Cajon, California. Ms. Sacks isn't required to admit guilt and Sacks continues with no kennel license.

Sandy's story is here: www.ShelterDogsToDreamDogsSUCKS.com

This was not a one-off incident for Ms. Sacks, we helped to expose her pattern of deception and cruelty to dogs and their

We lost our own beautiful **Daphne**, in March. She was about 12, we rescued her from local SD Bonita Shelter in 2008.

She was the most exquisite combination of patience and beauty. Our very own Queen Mum, sweet beyond words. Those EYEBROWS!! **Daphnina** always in our hearts ♥

Hobie & Beau became big brothers, both were rescued from Devore Shelter

We have been absolutely **DAZZLED** by the results of CBD for our rescue dogs and now offer CBD on our website. We receive a portion of all sales ❤️

After being returned to our rescue twice, then a major emergency back surgery **Cole** is here for good! We will keep him here with us for fun filled days with his buddies. Guess he was always a lucky pup at heart.
