We have included both band and pit schedule. please note the times and make sure your percussion instructors are aware of the specific warm up times and locations. you will not be allowed to warmup ahead of your time regardless of your arrival. Please be aware that the walk from your bus/truck to the warm up area will take roughly 10-15 minutes. It will be a similar travel time like Gupton last year. The warm-up areas are flat grass fields behind the school/stadium. (see map for location)

Each director is responsible for leaving the warm-up area and getting to the ready position at the north west end of the football field at the appropriate time. Please note the times on the attached schedule regarding your time to begin warm-up and leave the warm-up area. This is especially important in light of the strict procedures for timing.

2. **Absolutely no cymbals or booms during the front ensemble warm-up**

4. Your Pit needs to have their equipment in place at the Staging Area just outside the stadium fence, 15 minutes prior to your performance.
5. Each Pit will have 5-10 minutes to transition from "Staging Area" to "Ready Area" while the performing band (one slot ahead of yours) is performing on the field. No distracting movements or sounds should occur while the group on the field is performing.
6. You Pit will move from the ready area to the Field 5 minutes prior to your performance time.
7. The 5-minute clock will start upon your entrance from the Ready Area.
