| 5:00 pm - 6:00 pm | Virtual Hour of Service
In lieu of an hour spent attending a virtual reception during our Federal Water Issues Conference, the NWRA staff and leadership encourages you to donate an hour of your time, or make a donation, to an organization which enhances your community and its residents.

We are donating to Feeding America (with personal non-association funds). Feeding America is a non-profit which works with local food banks and food pantries to provide nutrition to those in need. What we love most about Feeding America is their partnership with agricultural producers to ensure that food does not go to waste, but to good health for people suffering from economic hardship.

Feeding America operates throughout the country, and has very low administrative overhead. Join us in contributing to their efforts, or make a contribution of your time or resources of your choice.

Thank you for your generosity. |
