Under the direction of the Department Director and the supervision of the Cardiac Cath Lab Manager, the Echo Tech performs clinical diagnostic ultrasound imaging procedures and related activities according to department standards for all patients served: infant, child, adolescent, adult, and geriatric.

RESPONSIBILITIES:

Serves as a customer service representative to patients, their families, the public, and the medical staff. Participates in quality control and organizational improvement activities. Serves as a clinical/technical resource for less experienced sonographers.

REQUIREMENTS:

- Graduate of a program in cardiac echocardiography approved by the Committee on Allied Health Education and Accreditation of the American Medical Association or equivalent educ/experience.
- Completed equivalent training through self-study, on-the-job training, etc.
- Upon hire: National Registered Diagnostic Cardiac Sonographer from American Registry for Diagnostic Medical Sonography. Or
- Upon hire: National Certification from Cardiovascular Credentialing International.
- Upon hire: National Provider BLS - American Heart Association.

Preferred Qualifications:

- Upon hire: Successful completion of national certification examinations in cardiac echocardiography, color doppler and stress testing conducted by the American Registry of Diagnostic Medical Sonographers.
- Experience as a hospital-based Sonographer.

COMPENSATION:

- \$95,950 to \$120,432 Annually.
- Full Benefits.

THE COMPANY:

Excellence is one of the five foundational values of our client's organization. They expect accountability for excellence in performance and for adherence to professional and organizational standards. Many of the rigorous standards they abide by were created by their health care system. Additional standards are required by county, state and national organizations.

Their employees are the most valuable assets in assuring the provision of the highest quality health care. They, together with volunteers, donors and community partners, help continue to fulfill their vision.
