The Official Standard Hands and Rules of the National Mah Jongg League, Inc for the current year will be the format for this tournament.

NO PICKING AHEAD—The next tile in play should not be touched until the previous player has discarded. Once you touch the next tile in play you may no longer call the previous discard.

- 1. A tile cannot be called for an exposure or Mah Jongg once it is covered by the next player in turn, either by racking or discarding a tile.**
- 2. A tile is played when it is either placed on the table or announced and not yet discarded; a player may not change her mind.**
- 3.**
 - a. If a player calls a tile but does not touch or pick up the tile, she may decide not to take it. Once the tile is touched, you must take it or be declared dead.**
 - b. If MJ is declared and no tiles are exposed, all four players continue to play. If any part of a hand is exposed, player is dead.**
- 4. When a call is made, an exposure may be changed by the caller, as to number of tiles exposed, until caller has discarded. Called tile must be used if touched. Once caller discards, no changes can be made.**

5. You must initiate your turn by picking a tile before any jokers can be exchanged or you can be declared dead.
6. Game begins when designated East discards her 14th tile. If any hand has too few or too many tiles before this point the hands will be thrown in and the game restarted.
7. Game ends with discard of last tile; at this time a hand may no longer be declared dead.
8. If a tile is called for mah jongg, it must be placed on the rack and the entire hand exposed. If the tile is placed in the hand first, the player is declared dead.
