

Board-Staff Communications

The Board desires to maintain open channels of communication between itself and the staff. In the interest of efficiency and good administration however, the basic line of communication between the Board and its employees, including teachers and support staff, will be through the Administrative Director.

In those instances where staff believe that concerns or issues have not been resolved or where there are concerns that staff believe cannot be resolved by the Administrative Director due to some conflict, staff may communicate directly to the Board.
