Principal

Constance Partee Lav Johnson, MA, MTh

Lav Johnson has been a leaders leader since she was a child, having a dance group after school program at eleven years old. As Clerk of Session for her church at 24 years old, she was the youngest elder among others in their 70s to 90s to lead the church out of a chaotic time successfully. Today she is a psychological educator that teaches the power of ethics and expectations, which are the psychological inspirations that ensure academic success in all levels of education.

Educators' Camp for the Academic Success of your Students

OVERVIEW: Bertha Lucille's Educators' Camp for the Academic Success of your Students brings educators together to work with Educational leaders, Parents, Motivational Speakers, student groups to discuss methods and effective strategies to ensuring academic success for students. Excellence in scholastics is not to be taken for granted that people are born with the abilities to make good school grades. A good report card comes from a person that is guided by a concerned and caring teacher, counselor, tutor, parent, guardian, or guide. Bertha Lucille's has camps that prepare educators to easily bring their students' grades higher as a part of every day living. When school success becomes a part of your natural vernacular it is a joy and the achievements uplift the family and ensure success.

SUCCESSTORIES: Bertha Lucille's Educators' Camp for the Academic Success of your Students teaches groups of educators the most important steps to educational achievement. The camps are relaxing, entertaining, and enlightening getaways that invite exciting speakers to discuss new innovative ways of teaching.

Bertha Lucille's also provides monthly Parent groups to discuss the issues their children are having with academics. Successtories are the focus of the groups. They are found on www.berthalucilles.com.

Honoring Our Scholarship Sponsors

Sponsors donate tuition for students, parents, and teachers to attend Bertha Lucille's Tutoring for Straight A's. States have gifted children and youth but need guidance on ways and strategies to ensure their skills lead them to academic excellence. Providing scholarships change futures, because success in scholastics widens the vocational field and grows the family's economics, thus city's economics, and the nation's tax base.

Consider being a Bertha Lucille's Scholarship Sponsor to place your name or business and organization's names on our Sponsor page. Scholarships range from a one day scholarship to a full year scholarship.

Scholarship Sponsors (Medallions are awarded for full year scholarships)

Parent/Teacher Scholarship Sponsor: \$1200

Gold Sponsor

Scholarship amount: \$390,000+(10 full year scholarships)
