## Special Thanks

As it has been said before, the “director” cannot take full credit for a production, so I would like to give my heartfelt thank you to so many people. First, to the Board of Directors, the Reservations, House, and Hospitality volunteers, and to our patrons, without your support we could not put on this play, and to Irene Cerny for the awesome music. To Don Kaspar, Josh Kaspar, Mars Bucek, Kim Black, Evelyn Berkovsky, and Rick Sandford for the loan of furniture, props, paintings, and extra help. A special thanks to the cast and crew and your families for your time and dedication to this play. To Rick, thank you for always being there for me.
