## Unparalleled excellence in medical education

Past attendees will tell you: the annual ACLES 40-Hour Program is a medical educational experience like no other! You'll find no other course in foot and ankle surgery compares with the high-level collegial experience an ACLES meeting provides. You'll train and consult with the nation's leading educators and practitioners of lower extremity medicine and surgery in a relaxed, intimate environment that promotes engagement between presenters and attendees.

The 40-hour program features regular opportunity for one-on-one learning in structured lecture sessions, discussions, and workshops. Course content addresses every aspect of lower extremity surgery, from diagnosis to post-operative care.

The wide-ranging content enables experienced professionals to stay current with trends and developments in the field, and allows most physicians to acquire their annual requisite CME credits in a single weekend.

## Who should attend?

- Podiatrists
- Orthopedic Surgeons
- Osteopaths

...who perform surgery of the foot, ankle or leg, their support teams, and other allied professionals with an interest in lower extremity surgery.
