Additional agreement: _____

No fee refunded in whole or in part. If said bitch fails to be in whelp (pregnant), the owner must give notice to me no later than 50 days after the breeding. A return service will be given to same stud dog without charge, at the next heat (and only the next heat). If there is no pregnancy owner of bitch is to pay all express and shipping charges in order to receive a return service. If a balance is due, it must be paid in full before the return service is given. If my stud dog dies, is sold, or otherwise not available, I have the right to mate the bitch with one of my other stud dogs of my choice unless both parties agree mutually on another choice. If bitch changes ownership, right of a return service is my option. In order to assure myself of the pregnancy condition of the bitch the right to see and examine her is granted or a letter from a licensed veterinarian stating pregnancy condition of said bitch.

If a puppy is to be received instead of a cash fee I will make my choice of litter at 8 weeks of age. One puppy constitutes a litter and if there is only one puppy, regardless of sex this puppy shall constitute my choice of litter. If all puppies are born dead or none survive at 8 weeks of age I have the postponed right to choice of puppy thru mating at next heat to my stud dog, however a repeat service is my option. If same condition occurs at second whelping obligations of both parties are terminated. These rights (choice of puppy) are not affected by change of ownership of bitch.

It is specifically agreed hereby that the owner of the stud dog is not obligated to sign application for registration of this litter until and unless the stud fee has been paid in full or in case of puppy fee the stud owner has gotten possession of puppy or puppies as agreed.
