DESCRIPTION: The Hawkeye has a similar design to the Pearson H-70 and Predator. This is a really attractive bow. Comfortable grip. Quality African Rosewood and Imbuva riser. Bow has no delamination; no cracks; limbs are straight. No drilled holes; No chips, dings or cracks. No stress lines or crazing (a few light superficial stress marks on one fade-out). A few minor scratches and nicks here and there. Decal is in excellent condition. Overall, this is a really nice bow in excellent condition for its age.

Note: A leather shelf rest and rug rest have been added to the bow, but the pictures do not reflect this.
