

KEYTIME

A NEWSLETTER SERVING THE BLACK JACK ENDURO CIRCUIT

FEBRUARY 1995

"NOTE'S" FROM THE CHAIRMAN

We're back for another issue...with many more to come. This Newsletter is taking off. Advertisers are coming on board, and they are much appreciated...THANK YOU!!! All the credit for the many hours of hard work goes to Dave Clemens (our Newsletter Editor). "We" are committed to ongoing, bi-monthly issues as a service to "you", the Black Jack Enduro Circuit Member. Look for these to continue.

A misunderstanding, lack of communications, or unrealized assumptions on my part is the reason "you" did not get a race-by-race breakdown of year end standings in the last issue of KEYTIME. Rather than whine or lay blame, let's point the finger directly at me. Right or wrong, good or bad, I'm responsible. You will find those standings in this issue. Yes, I know the protest period is past. If a problem is found, we're going to have to deal with it sooner or later....might just as well be as soon as possible. I apologize for the oversight.

Due to problems with apparel suppliers, we've been forced to move the banquet to the next Enduro at White Rock (or two weeks later.) This means the Banquet will be on the 18th instead of the 4th of March. You will find complete information on the Banquet including reservation information elsewhere in this issue.

Talks have been finalized with AHRMA (American Historic Racing Motorcycle Association) that have paved the way for this circuit to host three of their National Enduros. White Rock, Oklahoma City, and Chadwick were selected as being geographically separate yet still central nationally and will host (read co-sanction) AHRMA events for this year. This is a new endeavor for AHRMA as they are beginning a national series this year. It coincides perfectly with our 20 year commemorative season...and old bikes are really "cool"! It's also a "win-win" deal for the BJEC and the individual promoters as it increases the potential for entrants. I personally look forward to seeing these old bikes and am excited they will be racing in our circuit, much as they did 20 years ago...the era of motorcycles in which this circuit was founded!

I just received confirmation that HUSABERG AMERICA is on line with the BJEC offering a contingency program for those motorcycles in '95. It is encouraging to see manufacturers

recognize and support our circuit. Have you considered a Husaberg? There's incentive to do so now!

The new BJEC Catalog is coming along nicely and will be ready in time for the banquet. We will introduce the items for sale at the banquet. After the banquet they will only be available through the catalog in the form of mail-order. Look for the this stuff...it is very nice. Tom Johnson (your vice-chairman) and Benny Richards (contingency officer) have worked very hard to come up with some truly nice designs. Look for BJEC hats, shirts, cups, stickys, sweatshirts, and Camelbaks...all with the 20 year commemorative logo on them. They will be priced low so everyone can buy a couple yet still generate some revenue for the circuit.

The new membership cards are done and ready for distribution at Kirby. The stickys are in the mail and should be here on the 1st of February, so those will be ready also. Max Harkey (Secretary) is frantically pulling the rule book together so it should be ready in plenty of time. The first enduro (Kirby, AR) on the 5th of March is always a good one..plan to be there.

What's Happening

There are several issues dealing with land closures, trail funding, and numerous riding restrictions that are being dealt with each day. There are a lot of very active motorcyclists that are fighting these issues for our rights to ride, however it takes everyone fighting together to be the most effective. There are a lot of resources to help disseminate the information about the various issues. Most riders do not even know they exist. The Blue Ribbon Coalition, American Motorcyclist Association, Motorcycle Industry Council, Motorcycle Safety Foundation, National Off-Highway Vehicle Conservation Council, etc., are some of the many organizations that help serve for the interest of riders everywhere. Many of these organizations provide publications that provide valuable information about the numerous issues. I suggest you pick up a copy. The purpose of this article is to help the BJEC members understand how all the pieces fit together and to keep everyone informed of issues here in our own backyards. (Editor's Note: Let's not forget the Lake Stanley Draper issue or the Mark Twain National Forest situation.)

The BJEC is an excellent place to begin, with the decision making power being served through the club representatives and the BJEC officers. This provides a democratic process through which the clubs would represent the members, thus encouraging them to belong to one of the local clubs. The main problem is that many BJEC members do not belong to a club or organization. The national organizations are represented through the many affiliated clubs and state representatives, basically the same way. Land closures and riding restrictions don't just happen somewhere else, they are happening here in our own backyard. Riders need to join and support these clubs and organizations to become better informed and to unify the fight against these issues as they arise.

This leads me to a brief explanation of one of these organizations, the National Off-Highway Conservation Council or the NOHVCC (sometimes pronounced "no-vak"). The purpose of this council is to provide a nationwide system for assistance in addressing issues concerning the future of off-highway vehicle recreation. The council was founded in 1990 with these focus areas: Strengthen existing OHV groups, promote a positive public image of the sport; Create a nationwide OHV communications network;; Provide ongoing education opportunities and reference materials in volunteer development, organization/club management, community action and meeting management; Ensure that all OHV enthusiasts are aware of the impact of their actions on the environment. Investing on the youth through education in safety and environmental issues.

The NOHVCC provides information on current government issues, clubs and organizations, riding areas and educational materials. There are no membership dues to belong, since the NOHVCC is funded by grants and contributions from the OHV industry. The NOHVCC is involved in bringing groups that share common land management issues together, i.e., Boy Scouts, 4-H Clubs, etc. The NOHVCC is also involved in youth and OHV through things such as the TV show Maximum Drive on The Family Channel. I am the Oklahoma state representative for the NOHVCC. If you would like to know more about the NOHVCC, call 1 (800) 348-ohvs, or feel free to stop me at the enduros or give me a call regarding the other organizations.

UP COMING NATIONAL EVENTS!!

MAY 14, 1995

Springhill National Hare Scramble, Wilson, LA

You will be riding on the beautiful Springhill Plantation on a course of approximately 12 miles long. We will have a support race starting at 8:30am for C-riders, junior riders and two "open support" classes for anyone who wants to run a short course. The national program will start at 10:30 amid much fanfare such as a starting cannon and ESPN cameras.

Come camp with us Saturday and ride the two mile practice trail. You might wish to participate in the riding clinic to be held at 1:00pm Saturday and headed by one of the top national riders.

For further info and an entry form, please look to future issues of this newsletter and call Jonathan Kemp @ (504) 748-8569.

APRIL 23, 1995

Cajun 100 National Enduro, Forest Hill, LA

This event is being held in the Kisatchie National Forest near Alexandria, Louisiana. For more info on this event or to obtain a flyer call either Bob Cornell @ (318) 237-9355 or Jim Barrett @ (504) 851-5356. This event is being put on by Acadiana Dirt Riders (based out of Lafayette, Louisiana) of which I am a former member. This area is a great place to ride when it's not wet. First of all, there are no rocks!!! You can bet I will be there. Tell them Dave Clemens sent you!
