

Quail Ridge Tennis & Swim Club Rules and Regulations

MEMBER: Persons to whom a membership certificate has been issued. Offspring, adopted children, and children who members are the legal guardian of, while not considered guests, are not considered to be members and therefore have limitations associated with facility usage.

GUEST: A person invited by a member to use the pool or tennis facilities. All members are entitled to invite guests with the following restrictions:

1. No resident of the Quail Ridge community may be a guest.
2. Members are limited to six guests at a time unless the event is a party previously authorized by the Board of Directors; more than six guests shall be considered a party. The inviting member must sign in for the guest, review the pool rules and regulations with the guest, and accompany the guest while the facilities are being used. Members are responsible for their guest's behavior.
3. No guest, other than an overnight houseguest or a babysitter, may be a guest more than once a week.
4. Offspring of a member, adopted children of a member, and children who members are the legal guardians of, may invite only **two guests per day**.
5. Unaccompanied guests will be instructed to leave the pool by any member.

POOL PARTY: **Members** only, may rent the facilities for a party **Monday through Sunday** during normal pool hours for no fee, once per year. Rental is \$50 thereafter. The renting member must remain for the duration of the party and be responsible for the general cleanliness of the facility – all garbage must be bagged, closing the facility and turning off all lights and water. The renting member must post a sign designating the time and date at least one week prior to the party with the understanding that the Party **will not** exclude Members wanting to use the facilities during that time. The \$50 charge is a token amount to offset costs and inconvenience to other members when a party is held with a large group of non-members. We do rent the facilities to non-members with pre-approval from the Board of Directors.

CONDUCT: A member, lifeguard or pool manager may, after warning, eject swimmers refusing to abide by the Pool Rules and Regulations. Flagrant violations are subject to action by the Board of Directors.
