**BEING JOYFUL**

*One of the things that we often forget is that in addition to Jesus' command to love one another, he often spoke of joy. In our time, being a Christian is often equated with a somber, judgmental person. But Jesus spoke of joy as a way of identifying a true believer. Joy begins with a complete trust that God is working out your way in the world and will not betray you. The second element of joy is embracing the wonder of God's creation; both the amazing wonders of creation and the diversity of peoples, cultures, and ways of worship. They are all a product of God.*

*One of the greatest ways we can deal with the harsh realities of our world is to take them (as Jesus did) and give joy in return. A kind joke, funny story, a song, a simple smile or embrace - these are the elements of joy that make us like a ripple in a pool that spreads out bringing joy to those around us.*

*We need more joy, and this most often starts with being able to laugh at ourselves and then we can laugh with others and not at them. We were intended to be happy. Seek love and be happy.*

~ Gray Clark

## PCC PEOPLE

Congratulations to **Justin and Mandy Patterson** on the birth of a son, **Oliver Thomas**, on May 22, and also to the grandparents, **Kelly and Sheryl Patterson**, and to the great grandparents, **Harry and Sue Patterson!**

Please keep in prayer:

- **Richard Nichols**, husband of **Gloria Nichols**, who has been a patient at Blumenthal Nursing and Rehab Center but who, at this writing, is expected to return home on June 2.
- **Jason Hopkins**, fiancé of **Allison Shelton**, who is now home healing from a fall in which he fractured his pelvis.

**Christy Wisuthseriwong** and **Radha Upton** organized a concert with a number of other musicians, including the children's choir from First Presbyterian Church Greensboro that was held in our sanctuary on May 19 which was to benefit the music program of Peeler Open Elementary School, one of the most severely damaged schools during the April 15 tornado. They are thrilled to announce that they were able to deliver a check for \$890 to Peeler to provide climate controlled storage for their musical instruments for the summer as well as some maintenance on the instruments that were not damaged beyond repair.
