

The Alchemy of Consciously Delightful Living in the Aquarian Age.

At this workshop we will share some ideas and activities on creating our own gracious transition from the Piscean Age type of living (fear-based) to the delights of the Aquarian Age living (fear-free). Come join us as we explore wisdom from a Team of Master Teachers, and practice effective applications of the principles and processes of joyful living. Moving together, on the leading edge of the great shift into 5D or the Aquarian Age, as we explore joyful living, “no sweat manifestation”, and connection to ALL THAT IS.

The workshop will be held on May 9, 2026, at the First Spiritual Science Church located at 3375 Dahlia. We will start our journey at 9:30 that morning. The day will be from 9:30 – 12:00, lunch break, then 1:30 – 3:30.

Registration will begin April 16.

The suggested fee for the workshop is \$75. However, the message that we want to share is something we want all to hear. Whatever you can afford, or even just keeping us in your light, will be payment enough. We sincerely appreciate your interest in this event.
