Restoration Counseling & Community Services

Helping our clients make positive life changes.

Men and women's intensive outpatient programs

Are you ready to make a change?

RCCS provides outpatient substance abuse treatment specifically for those coming out of the criminal justice system. We believe in helping clients earn the life that is rightfully theirs.

This transformation occurs through hard work of change, which is supported by staff, housing options, and community-based programs.

Client success is possible due to program integrity. We manage our program honestly and directly, accept responsibility for our actions, and follow through on commitments and promises.

Why should you trust our program?

Accountability

We insist on the highest standards of accountability and transparency from our clients and ourselves. We challenge our clients to change, and work to continue growing as a program every day.

Respect

We honor respect as the most solid basis for mutual trust, cooperation, and progress in our lives.

Belief in human resilience

We believe, without reservation, that all people have the ability to make positive life changes and can contribute to the good of their communities.

Client-focused

The success of our clients defines our success. We put the good of our clients first and are committed to their long term recovery.
