

**Week 3: Life in
Lockdown**

Our learning for transition

Reflecting time

As this is the last week of the school summer term we are giving you a project. This will not be returned to school but is for you to remember the time you have spent with your family over the past few months. A reflection of the time you have spent away from school

Time capsule

We would like you to think about your time during lockdown whilst you have not been at school. It has been very different from our normal life. There will have been times where you were scared and confused but there will have been happy memories made, where you laughed and enjoyed spending time with your family. This week, we would like you to think about the positives that have come out of this time. Can you create a booklet, poster, PowerPoint or piece of artwork to describe the things that you have learnt and done? This is something that you could look back on when you are older. Show who you lived with and where, by drawing a picture of all those in your house and your home. What are you grateful for and what have you learnt? What objects represent the lockdown for you? We have uploaded some worksheets to give you ideas if you need them.

Lockdown hero

Who has been your 'lockdown hero'? This could be a member of your family, someone who delivers your food, Captain Tom or someone you don't even know!

Why are they your hero? What have they done?

Can you draw them, make them a card, write them a poem or just write about them?

If you would like to continue with daily Maths and English tasks, please use BBC Bitesize.

Encourage your child to read, access Bug club, TTRockstars and Numbots.

Have a lovely Summer and we look forward to seeing you in September for a new, exciting school year!
