

Hi Friends,

My name is Queen and I am extremely excited to start my journey as a receptionist with Jump! I was born and raised in Austin, have three siblings, and have a background in playing and coaching sports, which include track, volleyball, kickball, and soccer. In my free time, you'll find me cooking, training dogs, or doing yoga, so while I am very detail-oriented, I love to push myself and try new things. I've always had a passion for teaching and interacting with kids because there's always something new to learn from or teach them! I will primarily be in the front office and will always be willing to answer questions or just talk, so I hope to become a friendly and helpful face to you all!

Fun fact: I have a black lab named Buddy and he knows tons of awesome tricks!

- Ms. Queen
