## The Chosen

### Season One

See God's word come to life before your very eyes.

Beginning Wednesday, October 5, at 6:05 pm there will be 8 Wednesday evening sessions lasting one hour and forty minutes. This series will not be a typical church offered class. We will be watching 8 recorded segments of "The Chosen" together. There will be no preaching or teaching, but rather opportunities for each participant to express, thoughts, feelings, and questions before and after each viewing.

My hope is that all who view and participate in this series will experience life as it might have been during Christ's life on earth. Some of you may have seen all or parts of "The Chosen", others may have heard of it, while some may simply be interested to see what the excitement is all about. Whatever your reason for participation, I'm hopeful that attendees will have a moving, knowledgeable, encounter.
