

Our Philosophy

According to Ecclesiastes 3:1-8, there is a right time for everything. Childhood is the right time for:

- Exploring
- Creating
- Discovering
- Worshipping
- Being allowed to be children!

Curriculum

Joyful Journey Preschool focuses on Christian Education and the use of "The Creative Curriculum" approach to early childhood education.

School days are spent learning through various hands-on activities and exploration. Indoor and outdoor play, large and small group interaction, and activity centers are all in the daily routine!

What is Transitional Kindergarten?

Transitional kindergarten bridges the path between pre-k and kindergarten. For many kids who miss the age cut-off, TK provides kids the "The Gift of Time" helping them build a strong foundation for future school success. TK pairs social & emotional building blocks with academic skills, so that students learn essential pre-literacy, pre-math, and other cognitive skills.

- TK is a win-win for children, families & schools.
- Children are better prepared to succeed.
- Families have an additional option to ensure their children enter kindergarten with the maturity, confidence and skills necessary to excel.
- Research shows that the return on early investments in education is substantial, according to Deborah Stipek, professor at Stanford University.
