ONE SOUL AT A TIME

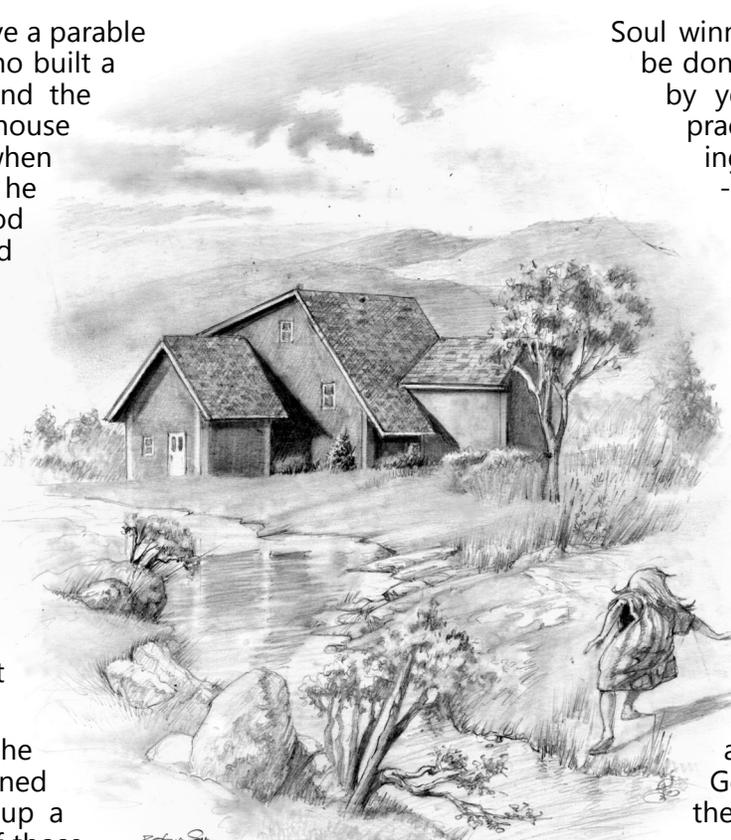

The House Built On a Rock Standing With Jesus Christ

In [Luke 6:48-49](#), Jesus gave a parable of the two men, each who built a house, one on a rock and the other on the sand. The house built on the sand fell when the storm came but the house on the rock stood firm. How is this likened to the Christian life?

When you get saved you have an option: to ignore the principles of the church and Bible or to apply them to your daily life. The man who fails to build a sound foundation for himself and his family (likened unto building his house on the sand) runs the risk of his house falling. What is that foundation?

The foundation of the Christian life can be likened to four posts that hold up a house. As long as each of those posts remain intact, the house will NOT fall regardless the storm or adversity. The four posts of your house are these: soul winning, Bible, prayer and church.

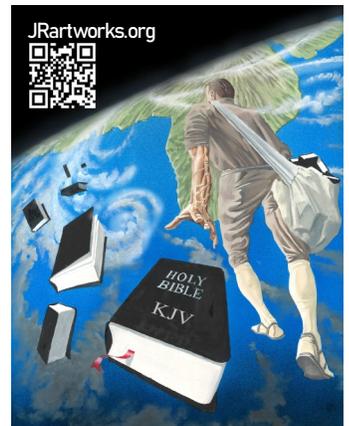

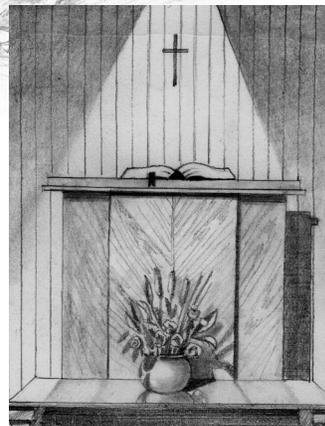

Bible and prayer usually go together to compose a QUIT TIME which is a daily slot allotted for this very thing. Usually it is best to do this in the morning. The amount of time you spend is relevant to your desire to be close to God: some people spend a half hour for both, some people spend at least an hour in prayer time alone and then do a thorough study of the Bible thereafter.

Soul winning is something that can be done either with the church or by yourself or both. It is the practice of going out and giving the gospel either by door-knocking or just in public transit, etc.

The Church is the body of Christ where you go to learn more about the KJV and fellowship. This polishes you as a Christian. Many of your doubts can be resolved and you can get council at a church from a sound pastor who rightly divides the KJV.

But if you check the Bible, all four of these things which compose the posts of your house are a commandment by God Himself. And in keeping them is great reward.
