

## 1961 Triumph TR3A, Body # TS75294, Asking \$15,250

This TR3A has a 2.0 Litre 4-cylinder engine and a 4-speed manual transmission. The car comes with a cockpit cover, bow stack cover and the convertible top is in good condition. It shows well for its age with some rust around the inside of the right headlamp pocket. It starts and runs well and shifts through all the gears. The transmission does need replacement due to a probable chipped tooth. The dash is in very good condition and all the gauges work. A new stainless-steel exhaust has been installed. The door panels and seats look good with no tears or rips. The electrical system operates normally. The red paint shows some age and has some chips and blemishes. All the chrome is in nice condition and the car has chrome wire wheels.

The insurance appraisal on this nice “driver” is \$19,500. This car has a clean title. Contact Tom Rhodes in Smyrna, GA at 678-207-9389 (evenings) or [TomRhodesEmail@gmail.com](mailto:TomRhodesEmail@gmail.com) with any questions or to see the car.
