**Marie M. Daly
1920-2003**

SCIENTIST & INVENTOR
RESEARCH PROJECT
BLACK HISTORY MONTH

Your Task: In celebration of Black History Month, you will be randomly assigned one of the following African-American scientists or inventors who changed the world.

21

Annie Easley
1933-2011

22

Percy L. Julian
1899-1975

23

Granville Woods
1856-1910

24

**Dorothy Johnson
Vaughan**
1910-2008

25

Walter Lincoln Hawkins
1911-1992

SCIENTIST & INVENTOR RESEARCH PROJECT BLACK HISTORY MONTH

Randomly Pick: You will choose ONE piece of paper with a number on it (1 – 25). That number will tell you which inventor / scientist you will research.

Google Classroom: Use the template posted in the classroom to research your inventor / scientist.

Your Research Project: You may use the template provided or design your own, but it must include key points on the template. Most importantly, **you must source all of your research findings**; that is tell me where the information came from online.

Insert a photo
image of your
inventor /
scientist

name of your inventor / scientist

Why is this person important?

Education / School:

Accomplishments (discoveries, inventions)
