The Anchor Program and Other NJ Property Tax Relief Programs For Homeowners and Renters

By Peter Humphreys and Ellen Steinberg

New Jersey has five different property tax relief programs. Each of these programs have their own eligibility requirements, applications, processing and deadlines. Your specific circumstances will determine how many of these programs you may be eligible for. The new Anchor Program and the Property Tax Deduction/Credit on your NJ State Income Tax Return (NJ-1040) are available for both Homeowners and Renters.

Attached is an overview of each of New Jersey's Property Tax Relief Programs along with phone numbers and websites for help.

The new Anchor Program is replacing the 2019 Homestead Benefit Credit. If eligible, in May 2023 you will receive a check (or payment via direct deposit), not a credit on your property tax bill. Details of how much you will get and how to apply for the new Anchor Program are included.

For those who have not yet applied for the Anchor Program, the filing deadline has been **extended to February 28, 2023**. Time is running out!
