HAND: Right

DRAW WEIGHT: 45#

AMO LENGTH: 60"

PRICE: \$229.00

SHIPPING & HANDLING: \$29.00

TOTAL COST: \$258.00

DESCRIPTION: This Kodiak Hunter is a great looking and performing recurve. Features Bear's "Futurewood" forest green riser. Comfortable grip. Bow has no delamination; no cracks; limbs are straight. The tip overlays are of forest green Futurewood (resin impregnated compressed hardwood). Overlays and tips are in great condition. 2 filled sight screw holes on the back of the riser. Only the green one is visible (see pics). No chips, dings or cracks. No stress cracks or crazing. There were a few faint stress lines (not cracks) in the riser section of the bow. These were covered with superglue and re-stained. It wasn't a perfect color match so up close you can see where the lines were. Decals are in very good shape. Overall, this is a really nice bow in excellent condition for its age. This bow was put to a stress test (held at full draw for 16 hours to make sure the old glues still held and no stress cracks developed). Then taken to the range and test shot. Comes with a new rug rest and side plate, and a new string.
