

## **CLASS GEAR REQUIREMENTS**

### **Discover SCUBA Diving**

Student Provides: N/A

Shop supplies for class/pool: mask, fins, regulator, BCD, weights, tanks, SPG, quick release weight system

Available to rent for certifying Dives: N/A

### **Basic Open Water**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location)

Shop supplies for class/pool: compass, SMB, weights, quick release weight system, tanks, BCD, regulators, SPG,

Provided by shop for certifying dives: compass, SMB

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, drysuit (must first complete a pool orientation)

### **Advanced Open Water**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location), underwater light (if participating in a night dive), dive knife

Shop supplies for class/pool: compass, SMB, weights, quick release weight system, tanks, BCD, regulators, SPG,

Provided by shop for certifying dives: compass, SMB

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, drysuit (must first complete a pool orientation)

### **Rescue Diver (Advanced Rescue)**

Student Provides: valid 1<sup>st</sup> Aid/CPR certification prior to certification dives, books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location), personal first aid kit, pocket mask

Shop supplies for class/pool: compass, SMB, weights, quick release weight system, tanks, BCD, regulators, SPG, backboard, O2 unit, CPR mannequin

Provided by shop for certifying dives: compass, SMB, CPR mannequin, O2 unit, backboard, 1<sup>st</sup> Aid kit

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, drysuit (must first complete a pool orientation)

### **Divemaster**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location), BCD, regulators, SPG, depth gauge and timing device or dive computer, SMB, 1 cutting device, 1 audible emergency signaling device, compass, health evaluation within 12 months

Shop supplies for class/pool: weights, quick release weight system, tanks

Available to rent for certifying dives: weights, quick release weight system, tanks, wetsuit, hood, drysuit (must first complete a pool orientation)

### **Assistant/Instructor**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location), BCD, regulators, SPG, depth gauge and timing device or dive computer, SMB, 1 cutting device, 1 audible emergency signaling device, compass

Shop supplies for class/pool: weights, quick release weight system, tanks

Available to rent for certifying dives: weights, quick release weight system, tanks, wetsuit, hood, drysuit (must first complete a pool orientation)

### **Peak Buoyancy**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location)

Shop supplies for class/pool: weights, quick release weight system, tanks, BCD, regulators, SPG,

Provided by shop for certifying dives: N/A

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood

### **Deep Diver**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location), Surface marker buoy

Provided by shop for certifying dives: deco hang bottle (if needed)

Shop supplies for class/pool: weights, quick release weight system, tanks, BCD, regulators, SPG,

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, compass

### **Nitrox – class only**

Student Provides: books

Shop supplies for class: cylinders filled with Enriched Air, analyzer, dive computers

### **DEMP/ 1st Aid/ CPR**

Student provides: Books, Slates, Oronasal Mask,

Shop supplies for class: O2 kit, 1<sup>st</sup> Aid kit, mannequin

### **Underwater Navigation**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location), surface marker buoy, compass

Provided by shop for certifying dives: N/A

Shop supplies for class/pool: weights, quick release weight system, tanks, BCD, regulators, SPG

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood

### **Full Face Mask**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location)

Shop supplies for class/pool: weights, quick release weight system, tanks, BCD, regulators, SPG, full face mask

Provided by shop for certifying dives: N/A

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, full face mask

### **Drysuit**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location)

Shop supplies for class/pool: weights, quick release weight system, tanks, BCD, regulators, SPG, drysuit and undergarments

Provided by shop for certifying dives: N/A

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, drysuit and undergarments

### **Sidemount Diver**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location)

Shop supplies for class/pool: weights, quick release weight system, tanks, regulators, SPG, sidemount rig,

Provided by shop for certifying dives: n/a

Available to rent for certifying dives: weights, quick release weight system, tanks, sidemount rig, regulators, SPG, depth gauge or dive computer, wetsuit, hood,

### **Underwater Photography**

Student Provides: books, mask, fins (and boots if style of fins require), snorkel, gloves (exposure protection depending on certification location)

Shop supplies for class/pool: weights, quick release weight system, tanks, BCD, regulators, SPG, underwater camera

Provided by shop for certifying dives: n/a

Available to rent for certifying dives: weights, quick release weight system, tanks, BCD, regulators, SPG, depth gauge, dive computer, wetsuit, hood, digital underwater camera

**Marine ID- class only**

Student Provides: books and quick reference slates
