October 2019

Dear Parent/Guardian,

In support of our commitment to promote healthy students, All Saints Academy will be conducting vision screenings in the upcoming weeks. A child's vision can change every year, therefore it is important to identify students who may have vision problems.

If your child has any unusual vision findings as a result of this screening process, you will be notified in writing indicating that the student is in need of further evaluation. Please be aware that this vision screening does not substitute for a comprehensive eye examination done by an eye-care professional.

If you do not want your child to participate in the screening, please indicate that in a note sent to the school office with your child's name, grade, and your (parent/guardian) signature.

Please contact the school nurse if you have any questions or concerns regarding the vision screening.

Thank you for your assistance.

Diana Megas, RN
