

LESSON PLAN FORM

Would you like to co-facilitate a class or activity?

If you are a member and are interested in co-facilitating a class, group or activity at Wellness Center Central, you must first present a Lesson Plan to the Team Lead. Once the Lesson Plan has been reviewed and approved, the member will then facilitate the class side by side with a Peer Specialist. Co-facilitating can help you build valuable professional skills and experience while allowing you the opportunity to contribute to Wellness Center Central community.
