

# Envision Kalama

December 2018

Throughout our meetings in 2018, the Board of Envision Kalama has noted the incredible generosity of the citizens and businesses located in this community – you are all amazing!

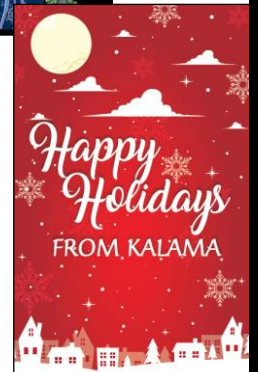

EK partnered twice in 2018 with Kalama Chamber. Our first project was planting and landscaping at the east end of the pedestrian bridge linking the downtown to the waterfront. EK and Chamber shared the cost of purchasing the plants and other materials and then worked together to complete the planting in May. The City's public works crews also helped out with a drip irrigation system and decorative blocks.

This holiday season, look for new winter banners and lighted “banner enhancers” in downtown – our second collaboration with Chamber. This will add the festive feel downtown during the winter months.

EK continues to support the Go-Girl-Go program for grade-school aged girls in Kalama, providing equipment, snacks and other support.

Looking to 2019, Envision Kalama will continue to work toward developing a dog run in downtown. A location on North 1<sup>st</sup> Street has been identified and early concepts have been sketched out. EK is also working to improve the lighting under the Elm Street overpass to improve the linkage between downtown and the waterfront. The lighting will also improve the visibility of the murals along Elm Street. Both projects will be in partnership with the City.

Our final focus project for 2019 is to raise \$3,000 to purchase a grand piano for the Kalama Schools music program. This instrument is needed to advance the music program.

The Board of Envision Kalama wishes to thank you for all your support in the past as we look for a better future for our community!

# *Giving Totem Pole*

(Animals and Figures from Kalama Totem Pole)

EAGLE .....	\$1001 and over
BEAR .....	\$501 - \$1000
PATHFINDER .....	\$251-500
