Dear Maureen,

Thank you for Millbrae Community Foundation's donation of \$2,500 on July 29, 2016. Your gift to LifeMoves (formerly InnVision Shelter Network) is helping to provide interim housing and supportive services to the most vulnerable members of our community: homeless children, veterans, and a growing number of senior citizens.

Your donation is an investment in our model which has proven highly successful. Last year, 97% of families and 82% of individuals completing LifeMoves transitional housing programs returned to stable housing and long-term self-sufficiency. In addition to breaking the cycle of homelessness for thousands of local families and individuals, your donations have:

- Rescued a 17-day-old baby and his mother who were living under a bridge
- Helped a homeless veteran to attend culinary school and start a new career
- Improved the mental and physical health of homeless children in on-site therapeutic childcare centers
- Supported a single mother in obtaining her A.S. degree, leading to a higher paying job and long term financial security

We are grateful for your financial support and deeply value your engagement as we continue to work together to break the cycle of homelessness in our community.

Warm regards,

Katherine Finnigan

Katherine Finnigan
Sr. Director of Grants & Contracts

Thank you so much!
