ZOOM Meeting

Super's Report

Phil Hottmann

Division Superintendent

As you may already know we are trying to determine if we should run the Train Show this year.

We have already decided not to do the Rail School. We felt that we did not have as much to lose if we didn't run the School. It's a much bigger decision for the Train Show. As much as we would like to get back to running the show, we are projecting less family attendance due to COVID and the vaccination status of youths. It will also cost more to rent the Alliant Center this year. One other factor will be the status of our volunteer pool. So, when you are queried about volunteering please respond (see page 3). I have heard several opinions, but I would like to hear from you if you have some thoughts. Please email them to me when you get a chance. Personally, I think it is important to maintain our brand. Even if we take a loss this year it may pay off in the long run.

We really had some great entries on our model contest this year. I was very impressed by all the winners. They all seemed to go way beyond what I would have expected.

Phil

Clinic Column

by Ken Hojnacki

For November, weather and COVID permitting, we will have two live in-person clinics by Drake Hokanson from the LaCrosse area. Drake is an author, photographer and lapsed university professor. His model railroad interests include operations, layout design, graphic design for model railroads, realistic structures, bridges and track. He'd model the Denver and Salt Lake Railway if he had all the space and time in the world.

First, he will present his clinic *That Looks Right; How Better Scenery Graphics Can Enhance Realism in Your Model Railroad*. How can some imagination, research and simple graphic design help your railroad fit into its time and place? We'll look at some of the vast resources on the internet plus some design methods to see how to use them for great business and industry signs, road signs, window treatments, and even a full variety store window.

Next will be *Building a Passenger Operations Scheme: A Case Study*. How can a little planning and some clear paperwork make your passenger train operations the rave of your operating crews? We'll talk about the "personalities" of passenger trains, car handling, enroute switching, timetables, switchlists and other clear paperwork that makes it all happen.

I saw his passenger train clinic at the National Convention in Kansas City and it was great. I think we'll learn a lot from both as Drake is an excellent presenter.

Ken

Modeling Project

By Mike Vivion

As announced in last month's *Bad Order* and also at the October meeting, the modeling project for this year is "Building a Paper Model Diorama". However, a correction is required in that the Modeling Project Committee decided to change to a different model (see photo below) than was shown in the October *Bad Order*. We felt that the Brick Modular Warehouse model from Team Track Models.com offers more flexibility and is potentially easier to build for those who have never made a paper building. We are offering this model already printed out on 110 lb. card stock paper, along with detailed step-by-step instructions, to anyone who wants to participate in the project. Rules for the project are that you must be an NMRA member, must complete the building as part of a diorama that is no larger than 160 x 160 scale feet in size, that any other structure on the diorama must also be "paper", that everything else on the diorama (vehicles, figures, scenery, etc.) can be standard model railroad items. A \$5 deposit is required when you receive your printed building. The deposit will be refunded if you bring the finished diorama for entry into our popular vote contest at the April 2022 SCWD meeting. We will be offering 1st, 2nd and 3rd place prizes separately for the N and HO categories this year.

Note, to those who have been virtually attending SCWD meeting, you can participate in this project as well. Simply contact Mike Vivion via email (vivion2@tds.net) or phone (608-215-6346) to work out the details. We had an excellent response to the project at the October meeting with 18 people signing up for the project. Also, for more information on building card stock models, go to the SCWD website, nmra-scwd.org, and click on "Contest", then on "Popular Vote Model and Photo Contests", and then on "Learn More" and finally click on the "Blue Button" to get a copy of all contest information as well as a list of links to a number of YouTube videos on this topic.

Your final chance to sign up will be at our meeting on November 7th. A limited number of printed copies of the building will be available at the meeting, or else, you can pick up your copy at the December. We hope that many more of you will consider signing up for the project. See you in November!

Mike

Contest Column

Dave Down, Chair

We did not have any popular vote contests at our October meeting since the Modeling Project voting was conducted. The models were very good and the pictures barely do them justice.

Dave Casey
1st Prize
HO scale

Rusty Dramm
2nd Prize
O scale

John Haverberg
3rd Prize
N scale

Moving forward we will be going full swing into the popular vote schedule. Next month we will also announce the theme for the January meeting.

We will resume the popular vote contests in **November** when the theme is Freight Cars. The categories will be:

- A. Box cars and reefers
- B. Open cars (flats and gondolas)
- C. Hoppers (covered or open)
- D. Specialty freight (car racks, container well cars, etc)

Continued next page

The **December** theme is – Maintenance of Way and Non-Revenue Cars. The categories are:

- A. Track maintenance materials - hopper, gondolas, rail cars, etc.
- B. Crew cars - bunk cars, inspection cars, cooking/dining cars
- C. Track maintenance machinery/cars
- D. Track/bridge construction machinery/cars

Happy modeling!

Layout Tours

Phil Hottmann Chair

We had two very fine layouts for our October meet. Bob Gugel had so much detail that it was hard to get a grasp on everything he has on his layout. I'm sure I missed much of what he had.

We also had a chance to tour the Waunakee Society of Model Railroaders. They have an ideal setup in the basement of the original Waunakee Railroad Station. Each time we see this layout progress has been made. I can't wait to see this layout fully scenicked.

For November we will be traveling to DeForest to visit Bob Wundrock's and John Mueller's layouts.

Bob has built a new layout over the last several years. I recently had the pleasure of operating this primarily switching layout. Except for the yards he has the layout almost fully scenicked. If you haven't seen John Mueller's layout before, you don't want to miss this one. John has a wonderful artistic eye, and everything is beautifully done.

Phil

SCWD Train Show 2022

Urgent Response Needed

The 2022 Train Show is currently scheduled for February 19 and 20, 2022. As we prepare for this show we are weighing all the possibilities and concerns that go with last year's cancellation and the current state of the Covid-19 pandemic.

A major concern is the ability of the Division to field enough volunteers to run a show of this size. To determine how many volunteers we can expect we need to have a "show of hands" in the next two to three weeks.

We need to know whether or not you think you can help during the show in 2022, and we need to hear from you as soon as possible! Volunteers are needed for setup on Friday morning, 2/18 (includes breakfast), and both days of the show.

Please contact our Train Show Volunteer Coordinator (Dave Down) by:

Email: dfdown2000@gmail.com

Or

Phone: 608-235-5436
(Leave a voice message)

We need to hear one way or the other from all of you. Please know we are not pressuring you to give us a positive response. We are working on the assumption you know best what is good for you and your family. All we are asking is you to help us understand whether or not we will have sufficient staffing to run the show.

Thank you for timely response.

Dave Down
Train Show Volunteer Coordinator

In memoriam, Willis (Bill) Ehlert

Our friend Bill Ehlert passed away on October 7, 2021 at the age of 97. He was a long time member of the South Central Wisconsin Division of the NMRA and the Soo Line Historical and Technical Society, at least since the mid-1960s. He served the SCWD as Superintendent for a three-year term and the SLHTS as its President for several years. Bill was a Master Model Railroader and for many years was active in the NMRA Achievement Program at the divisional, regional and national levels. He was an author, not only of several articles in *Railroad Model Craftsman*, but also of books on the U.S. state capitols, the American Presidents, and the Wisconsin and Northern Railroad.

I met Bill in 1967 when we were both teachers at West High School and soon found that he was deeply involved in model railroading and its Madison community. We were good friends for those almost 45 years and shared many activities with him and his wife Reva. Traveling to NMRA National Conventions in Dayton, Ohio and Winnipeg, MB as well as numerous Soo Line annual conventions were highlights of our time together. We were both actively involved in the 1997 Madison NMRA National Convention.

The two personality traits I remember most about Bill were his positive gregarious nature and his confidence and follow through in accomplishing any task he decided to take on. It always amazed me that he would just go ahead and do the next modeling project that came along, whether it be hand-laying turnouts or drawing plans for and scratch building HO cars and structures. He just dove in and did it, and did it well. I'm sure he inspired many of us to do the same. Bill maintained a healthy lifestyle and was able to stay active well into his 90s. I couldn't believe it when he decided to build a new layout in his early 90s and

master the DCC system. He completed that layout in a little over a year, including all scenery. Many of his friends were fortunate to be able to see it in operation. Bill was certainly a valued friend and inspiration in my life and in those of others who were also fortunate to know him.

Ken Sooros

It was not something unanticipated, but it still came as something of a shock to learn of the recent passing of long-time SCWD member and friend, Bill Ehlert. To the best of my memory, I first met Bill back in 1973 or 1974, when I first attended an SCWD meeting and joined the NMRA. Bill was SCWD Superintendent that year, the fifth super in the history of the SCWD. I don't know exactly when Bill joined the SCWD nor when he completed the requirements for Master Model Railroader, the highest modeling achievement possible in the National Model Railroad Association, but it must have been back in the 1970s. Bill was MMR#59 and was the second member of the SCWD to ever attain the MMR.

A second memory I have of Bill was visiting his home, located just off Odana Road, sometime in the late 1980s or early 1990s to see his layout. While his layout was of only a medium size, I remember being so impressed with the quality and craftsmanship of everything on the layout and the fact that he had modeled an actual small railroad in northern Wisconsin. I don't recall if it was soon after this visit, but unfortunately Bill had to tear down this layout as they were selling their house. Bill's wife had developed health issues that required her to receive special care, and eventually even took her life. I think it is worth noting that Bill continued to be a member and active participant in SCWD activities during what was a very difficult time of his life.

Bill's participation in the SCWD is documented further when he attended on December 1, 2013, the 50th anniversary celebration of the founding of SCWD. That party was held at the old Knights of Columbus Hall on Verona Road, with about 100 members and their guests in attendance. The following photo I took that day of Bill visiting with left to right: the late Dave Rawlings, the wife of the late Fred Terbilcox, and the late George

Elder. In case you have forgotten, Dave, Fred and George were all long-time SCWD members.

Another photo I took that day is memorable to me as it shows Bill talking with two other SCWD members who also are MMRs, Bob Wundrock and Al Potts.

The next special day memory I have of Bill is attending his 90th birthday celebration in 2014. My wife and I along with several other SCWD members had the pleasure of joining Bill, his family and other friends to celebrate his birthday. An additional memory for me is that I had the pleasure of getting re-acquainted with Amy Elhert, Bill's daughter-in-law, and meeting her family. Amy and I had worked together at Nicolet back in the early 1980s.

Like many other SCWD members, I enjoyed seeing Bill and chatting with him at various SCWD activities after we moved our meetings to the Shriners' Zor Temple location. I can't recall the exact year, but it was about 2015-2016 that I saw his "new" layout in the basement of his condominium. Not only was I impressed with size of the layout and its detail, but also the fact that it was DCC. Not only had Bill started this layout at about age 89, but he had gone the extra mile to learn the Digitrax DCC system and employ it on the layout.

My next visit to this layout occurred in October 2019 when I and other SCWD members assisted Bill in taking down this layout. Bill had to move from the condominium to assisted living at Attic Angels. We all had a great time together that day despite our reason for being there. On a positive note, Bill's layout will live on as it became the property of David Down, and hopefully I will get to visit it again soon in its new location. The following photo shows that layout with Bill and Ken Sooros running trains on it one last time that day.

Little did I expect that Bill would ever have, much less build, another layout. However, in the middle of September 2020 he contacted me to ask if I was still building layouts and would I build one for him. With the help of a friend, I built a small (3' x 8') layout mounted on casters. Bob McGeever and I delivered it to Bill at Attic Angels on September 28th. We had to leave the layout and its detached leg assemblies in the entryway due to Covid restrictions, but Bill got it moved up to his apartment and assembled with help from the building staff. Unfortunately, less than a year later, I was contacted by Bill's family and told that Bill had been moved to another location due to failing health. However, Bill had asked that the layout and some of his model railroad items be donated to the SCWD. So, Bob McGeever and I made one more trip to Bill's apartment to disassemble the layout and collect the items. Note, these things will likely be offered in the Company Store at the next Mad City Model Railroad Show and Sale whenever it occurs.

My next news of Bill came on October 8, 2021, when an email informed me of Bill's passing on the previous day. I guess my final memory of Bill will be attending his services. However, the most important memory of Bill Elhert for me will be that he was an excellent modeler, an active SCWD member for almost half a century, and that I could call him friend for most of those years.

Mike Vivion

Calendar

2021-2022 SCWD Video Contest

Steve Lanphear

**Planning To Get Out Of Pandemic Jail This Summer And Do Some Railfanning Or Visit Some Layouts?
You could enter some of your videos in this Contest!**

SCWD 2021-22 Video Contest Guidelines

This year's SCWD video contest will be open for submitting entries on November 1, 2021.

Here are the things you need to know:

- There are two categories: **Prototype** and **Model**.
- The contest is open to those who attend the SCWD meetings.
- The person submitting an entry must be the one who took the video, however you may have help from others in editing your entry.
- The video can be from any time period (it doesn't have to be taken just to enter this contest).
- It has to be a **maximum** of 5 minutes in length, but can be any size less than that and the file has to be less than 2GB in size.
- All videos must be on a railroad or model railroad theme.
- The video can have title screen but not necessary, however there should be no names or identifiers on it (it is a "blind" contest).
- For the **Model Category**, the video can be of anyone's layout, not just your own.
- First, second and third place will be given for each category (no points given toward annual Photographer contest).
- **Deadline for Entries – March 1** (you will upload all entries to the website listed on the SCWD website, Video Contest webpage).
- You may enter more than once (max. of 5 entries per person).
- Voting starts **Mar 10** on the SCWD Video Contest webpage.
- Voting will be closed on end of day **April 15**.
- Winners will be announced at the May 2022 Meeting.

A Puzzle for You

You like trains, or train watching, but have you ever wanted to go to an OPS (Operating Session) and run trains on someone else's layout, but were afraid you wouldn't know what to do?

Model Railroad Operation is a fun and interesting role-playing game where the players (operators) use model trains to simulate the movements of the prototype railroad. Operators fill the roles of railroad employees like engineers, conductors, yardmasters, dispatchers, and more. Many of our SCWD members participate each month at multiple layouts to enjoy this fun and stimulating practice of critical thinking and problem solving in the context of railroad operations.

Now, there is a way for you to get your feet wet in this critical thinking and problem-solving railroad environment in the privacy of your own home through the use of railroad switching puzzles.

In July, a group of SCWD members started a project to introduce more of our members to the enjoyment of railroad operations, or as our wives call it, playing trains. Some of us have been engaged in operating sessions for 20 years or more, and would like to get more of you involved.

The project involves getting one to solve a series of train switching puzzles (on paper, or your computer) in the least number of moves possible. You can then submit your solution to see if yours was done in the least number of moves.

Beginners can start with **3 introductory puzzles** to show the kinds of skills used in railroad switching operations. Then, you can advance to a series of more advanced puzzles written and based on actual SCWD member area layouts. Or, if you have already been to an OPS session, you could do an introductory puzzle, and jump right into the more challenging ones.

Join the SCWD listserv now and begin learning what this is all about!

Email Steve Lanphear at scwdmemberlist@frontier.com to be added to the list and start receiving your puzzles now!

Happy Railroading!
Steve

Enjoy receiving interesting rail photos, model railroad tips, Operating puzzles, and challenging Mystery Photos??

Join The 120+ SCWD members and members from other Midwest Regional Divisions who are participating in the SCWD listserv. You can expect 5 - 10 photos of railfan photos or model railroad photos or other items per week on average, as well as SCWD announcements, monthly Mystery Photo contests, Modelers Corner, and OPS Corner Puzzles. The listserv has been running this since April 2012, and it has been quite popular.

The listserv is a one-way email broadcast to you, not a social media type service. The emails are sent in bulk, but as a BCC: type email.

Please save this email so you know how to get a hold of me. So, if you would like to try out this FREE member service, just send me your **Name** and **email address**, and **City/State** to the address below. You may drop out at any time by sending an email stating such to the same address below.

Steve Lanphear
SCWD listserv Coordinator
scwdmemberlist@frontier.com

If you wanted to start with the OPS Puzzles, but didn't have time, soon we will have a section on the SCWD Website that will have all of the 7 puzzles that we have published on the listserv, including the handouts, diagrams, and solutions so you can start from the beginning, or pick and choose which puzzles you would like to try. This will be available to all who visit our website!

Stay tuned for more info on when it will be ready...

Steve Lanphear and the Puzzle Development Team.

**Minutes SCWD Board Meeting
7:00 pm, 13 September, 2021
via Zoom meeting**

The meeting of the South Central Wisconsin Division Board of Directors was called to order at 7:06 pm by Superintendent Phil Hottmann. Phil Hottmann, Dr. Bill Clancy, Bob McGeever, Dave Dingman, Steve Preston, and Bill Mitchell were present. Mike Vivion was also in attendance to present his Modeling Project for 2021-2022 report. John Kosobucki joined a few minutes later. Dave Down was unable to attend.

***BOD Meetings:** Members of the SCWD are invited to join a Board of Directors meeting. Meeting dates are published in the **Bad Order**. Send a request to Phil Hottmann or another member of the SCWD Board for a ZOOM link to the upcoming meeting. The members' contact information is in the REDBOOK.*

The regular agenda was modified to allow Mike Vivion to present the Modeling Project first.

Modeling Project - Mike Vivion - The project for 2021-2022 will be a paper ice house incorporated into diorama in O, HO, and N scales. Each participant will receive a card stock print of the ice house. The participation fee will be \$5.00. The modeling project will be presented as a clinic at the October membership meeting and include one or two videos. Mike will be presenting the rules at this meeting. A motion was made by Dr. Clancy, second by Dingman, to have Category 1: O & HO Scale and Category 2: N Scale with prizes of \$75.00 for 1st, \$50.00 for 2nd, and \$25.00 for 3rd place for each category. Motion carried.

Minutes

Motion by McGeever, second by Dr. Clancy, to approve the minutes of the August 9, 2021 meeting. Motion carried.

Paymaster Report

Bob McGeever presented the high points of the August Paymaster Report. Motion by Dr. Clancy, second by Preston, to approve the Paymaster Report as written. Motion carried.

Committee Reports

Achievement Program - nothing to report.

Advertising - there was some income from advertising in the Bad Order.

Bad Order - publishing is going well. Articles for the **Bad Order** need to be submitted to our newsletter editor by the 20th of the month before publishing.

Special Note 1: The email list comes directly from the NMRA membership list, so please keep your membership active and your email current with the NMRA. All SCWD members are requested to inform the NMRA when their email address changes.

Special Note 2: Kathy, our newsletter editor, is always in need of articles. Please submit articles by the 14th of the month to SCWDKATHY@AOL.com via email with attachments in a WORD formatted document.

Clinics - For October, Mike Vivion will be doing a presentation on the upcoming Model Contest. Other presentations are being lined up for the remainder of the 2021-2022 year.

Contests - Model and Photography - the model and photography contests for September will be **STRUCTURES**. The **Model and Photography Contest** schedule will be published in the **Bad Order** editor.

Current Modeling Project - The project models built for the **April 2020** contest will be judged at the October SCWD meeting.

Door Prizes - nothing new to report.

Layout Tours - (REMINDER - A NEW CHAIRMAN IS NEEDED) - The October layout tours have been scheduled.

Our SCWD organization is always looking for more people to host virtual or in-person layout tours. Please contact Phil Hottmann about the possibility of opening up your layout for a virtual or in-person tour. Phil's contact information is in the REDBOOK.

Membership - Steve Preston stated that our membership register is up to date. All of our members need to keep their membership current.

If someone has problems renewing their NMRA-SCWD membership using the ON-LINE systems, please contact Steve Preston. His contact information is in the REDBOOK.

Picnic - nothing to report.

Publicity - on hold for now.

Rail School - Planning for our January Rail School will continue. Rail School will be held on January 9, 2022, at the Verona Senior Center beginning at 1:00 pm. This facility follows the current Dane County COVID-19 guidelines.

Verona Senior Center
108 Paoli Street
Verona, Wisconsin 53593

Additional help will be needed to load the HO Train Layout and switching puzzles located at the Storage Warehouse in Madison for transport to the Verona Senior Center, setup, and after the Rail School, load and return the layout and puzzles to the warehouse. Help will also be needed to put the Verona Senior Center room layout back to the proper chair and table arrangement.

Rail Show - Planning for **February 19th and 20th, 2022 Madison Model Railroad Show and Sale** event is continuing. Vendor tables and exhibitors are somewhat slow to register to participate. Covid-19 and the variant situation in Dane County continues to be monitored. There will be no Children's Wooden Toy Train Layout and Video Room for this rail show.

Bob McGeever is continuing the process of negotiating contracts with the Dane County Exposition Center for 2023, 2024, and 2025 **Madison Model Railroad Show and Sale**.

Website - The www.nmra-scwd.org website is working very well. The website domain name is coming up for renewal.

The www.nmra.org website is *UNDERUSED* by its members. There is a direct link from our SCWD website to the National Model Railroad Association website. You will need to register your NMRA membership to view the "members only" information on the different pages of the NMRA website.

Old Business:

General Membership Meeting - Thanks go to Bob McGeever and Dave Dingman for validating the "proof of concept" for the combined in-person and ZOOM meeting. With these concepts in place for the first time, the September meeting worked very well. Jim Osborne from the Midwest Region joined our meeting via ZOOM. He mentioned that the podium speaker should have more overhead lighting and also have a camera show the model project and photography contest entries. Refreshments were appreciated.

Bob McGeever / Dave Dingman will be looking into the purchase of a stabilizing device for a hand-held camera so that our contest entries can be displayed via ZOOM.

There was some discussion on the IRON MAN Race in Verona falling on the same Sunday as our September membership meeting. Resolution of possible 2022 problems will be discussed at a future SCWD Board of Directors meeting.

Face masks are required if attending the membership meeting in person.

Social Media - REMINDER - There is Still Need a Chairman / Co- Chairmen - *Question to the membership: "Are you familiar with FACEBOOK?"* Someone with "Social Media" skills will be needed to get our upcoming February 2022 **Madison Model Railroad Show and Sale** information out on the FACEBOOK. Bob McGeever is the "party of record" for FACEBOOK.

NOTE: Without our physical presence in the Model Railroading hobby, a need exists to put information about the hobby and our Division out on the internet. "Facebook" could become a very good platform to get information out to the world. The Board of Directors are looking for some members who have a good understanding of "social media" including Facebook to become the SCWD Social Media Chairman. Anyone interested should contact Superintendent Phil Hottmann or another member of the Board of Directors.

Tri-Meet - Planning continues for the Wisconsin Southeastern Division, the Rock River Valley Division, and the South Central Wisconsin Division.

Winnebagoland Division Workshop - nothing to report.

Youth Group - Ideas to of where the Youth Group meetings could be held were discussed and will be investigated.

New Business:

The possible purchase of a 3D Printer by the SCWD was discussed. At this time, any extra funds available could be used for lap top computers and audio-visual equipment to allow for our In-Person/ ZOOM membership meetings to improve.

Adjournment:

A motion was made by McGeever, second by Preston, to adjourn the meeting. Motion carried. The meeting was adjourned at 8:39 pm.

Bill Mitchell - Clerk

A Word about Constant Contact e-mail

Each Constant Contact e-mail includes links to update or unsubscribe your e-mail address. **Please do not use these links.** If you unsubscribe using the Constant Contact link, your e-mail address will be removed from the NMRA membership database, from the Midwest Region e-mail database and probably from your Division's records. If you get an e-mail that you don't want, just hit the delete key. Furthermore, if you use the update link, your change may not be timely posted to the NMRA membership database.

If you need to change your email address with the NMRA please follow these directions:

The direct way is to log on to the "Members" page of the NMRA website, choose the "View your NMRA membership" box on the right side of the screen, scroll down to the bottom of the page and select "Update". Enter the new email address in the appropriate box and click "Submit".

MADISON HOBBY STOP
