If the judge does not receive confirmation from the club within 30 days, he will be free to accept other assignments.
- 3.5.2 Judges must confirm their acceptance of the assignments in writing within 30 days after receipt of confirmation that the services of the judge will be required. If such confirmation is not received by the club within 30 days, the agreement may be considered void and the club is free to seek the services of another judge.

- 6.5.9 Handlers, trainers or agents may compete. A competitor may enter more than one dog.
- 6.5.10 Where any of the test regulations require that a dog shall have won a particular title before being entered in a particular test, eligibility to enter the test shall be determined as follows:
- (a) A dog may be entered in such test of which the final closing date occurs after his handler has been notified by 3 different judges that the dog has obtained a “qualifying score” in a test required for the title, even though the owner has not received official notification from the CKC that the dog has earned the title. However, the owner shall forfeit any prizes and “qualifying scores” won in the particular test if the CKC does not subsequently notify the owner officially that the title has been won.
- 6.5.11 The Test Secretary and the Test Chair cannot enter or handle a dog in the test they are officiating.
- 6.5.12 The entry of a non-titled dog will be given preference over a titled dog in the test in which the titled dog has already been awarded that title.
- 6.5.13 When the advertised limit has been reached, all remaining entries may be assigned a position (by test) on the alternate list to be drawn up in the same order as the receipt of entries. The person making the entry shall be notified of his position on the list. In the event any dog is pulled after the closing date, it may be substituted with one from the alternate list up to and including the day of the test. Entry fees will be refunded within 10 days following the test for those on the alternate list who did not participate in the test.

6.6 Disqualification

- 6.6.1 Any dog disqualified for biting or viciousness shall automatically be disqualified from entering in any other event in any other discipline until such time as the dog is officially reinstated.

- 6.8.3 In order for a dog to be eligible to move up, the dog must be individually registered in the CKC or have an Event Registration Number (ERN) or a Miscellaneous Certification Number (MCN) or a Performance Event Number (PEN) before entries close. The addition of a CKC number after close of entries does not make the dog eligible and will result in referral to the Discipline Committee.

6.9 Limited Entry

6.9.1 A club or association may limit entries in any or all classes by prominent announcement on the title cover page of its premium list and that entries will close automatically when a certain limit for each test has been reached, even if the official closing date for entries has not arrived.

6.9.2 When tests are advertised as limited and entries do not fill in the levels offered, the tests may be interchanged as follows, providing the test-giving club has the resources necessary to offer the substituted tests(s):

2 DD = 1 DDX

2 DD = 1 BDDX

1 DD = 1 BDD

1 DDX = 1 BDDX

6.10 End of Test

6.10.1 The Test Secretary shall, within 21 days of the completion of an approved draft dog test, forward to the CKC the marked official catalogues, signed and certified by the appropriate judge and the Test Secretary, plus all entry forms and any other applicable information and documents.

(b) A remittance which shall include all listing fees and recording fees as set by the CKC for each

and every dog entered in competition in its test. In the event that the CKC establishes that the remittance fails to completely cover the fees set forth above, an administrative fee as set by the Board will be assessed.

- 6.10.5 An administrative fee as set by the Board will be imposed for each day's delay in the returns reaching the CKC.
- 6.10.6 Non-compliance with the provisions of this section will result in an automatic administrative charge for each day over the 21 day period.

6.11 Bitches in Season

- 6.11.1 The test committee may decide to allow or disallow bitches in season from competing. Allowing or disallowing bitches in season must be clearly stated in the premium list as per section 4.1.2 (p). - 7.3 Judges shall also have the authority to expel a handler from a test if they observe unsportsmanlike conduct on the part of the handler or see the handler kicking,

striking or otherwise roughly manhandling a dog while the dog is being judged. In a multi-judge test, the judges must consult with each other, in the presence of the Chief Steward or other test official, and be unanimous in their decision to expel the handler. It will be the duty of the judges to report promptly to the Draft Dog Test Committee the expulsion of a handler.

- 7.4 The Draft Dog Test Committee shall investigate, at once, any instance of alleged unsportsmanlike conduct on the part of the handler, or any report that a handler has been seen observed kicking, striking or otherwise roughly manhandling a dog. If a Draft Dog Test Committee, after investigation, determines that a handler or other person is in violation of this section, it shall exercise its authority in accordance with the Complaints section of these rules.

9 RINGS & EQUIPMENT

- 9.1 All equipment and apparatus needed for the tests shall be provided by the individual handlers, with the exception of any equipment needed to define the site and facilitate the operation of the tests, which shall be provided by the Draft Dog Test Committee.
- 9.2 Equipment provided by the Draft Dog Test Committee includes:
- (a) exhibitor numbers;
 - (b) necessary markers for field and backpacking exercises;
 - (c) judges’ equipment (marking sheets, judges’ records, clipboards, stopwatch, etc.);
 - (d) distraction dog;
 - (e) first aid kit;
 - (f) suitable rings for control and carting exercises.

-

9.3 The ring or rings for the control and/or carting exercises shall have a working area of at least 12.2 meters (40 feet) wide by 15.2 meters (50 feet) long and not more than 23 meters (75 feet) wide by 23 meters (75 feet) long. The ground area for the control exercises should be level and of a consistent terrain. The ground area for the carting exercises may use varied terrain. Examples of terrain variations include grass of varying heights, gravel, sand, bark mulch or pavement. The terrain need not be level nor free of obstacles. Trees, narrow areas, hills and/or some gentle sloping are encouraged. It is acceptable to use two rings (one for basic control and one for the carting exercises) or one ring (incorporating terrain variations suitable for both control and carting exercises). In the case of using two rings, the basic control ring shall have a dimension of 12.2 meters (40 feet) by 15.2 meters (50 feet). - (b) marking and defining the site;
- (c) selecting the judges;
- (d) obtaining the services of competent stewards;
- (e) in consultation with the judges, shall make any and all immediate decisions arising from unforeseen circumstances and unpredictable weather;

-
- (f) obtaining the services of someone trained in first aid to be available during the test.
-

11 JUDGING

- 11.1 The judges must remember that they are judging the dogs only on their ability to perform the tests set for them.
- 11.2 The judges must test each entrant separately (except for the Down-Stay exercise). At the judges discretion, the judges may, in a multi judge test, judge a maximum of 3 entrants as a group during the Draft Dog Field Work, Draft Dog Excellent Freight Haul and/or Draft Dog Excellent Backpacking Exercise.
- 11.3 In each exercise, each pattern or course must be the same for each entry.
- 11.4 Judges may bar from competition any dog which does not obey the handler, any handler that interferes willfully with another competitor or competitor's dog, and may expel from competition any dog which the judges consider unfit, unsafe or out of control to compete.
- 11.5 No judge shall require any dog or handler to do anything, nor penalize a dog or handler for failing to do anything, which is not required by these regulations.
- 11.6 A dog which fails to execute a principal designated feature of any exercise shall in no case be marked "pass" in the exercise. A dog which anticipates the principal features of any exercise shall be marked "fail" in that exercise.
- 11.7 A "pass" must never be awarded to a dog whose performance has not met the minimum requirements, or to a dog that shows fear, resentment or aggression, or leaves the ring/course during an exercise, or to a dog whose handler disciplines or abuses it during the judging.
- 11.8 Judging begins when the handler acknowledges the 'Are you ready?' order from the judge and ends when the judge orders 'Exercise finished' An exception exists in and during the (group exercise) freight hauls or back packing exercises where a judge may grant a 'time out' to a dog.

-
- 11.9 In a multi-judge test, prior to the commencement of judging, the judges will meet in the presence of the Chief Steward and decide amongst themselves which one will act as the instructing or lead judge for each section of the test and decide on which option to follow (example 11.2)
- 11.10 Before each, or part of, every exercise the lead judge must ask the exhibitor “Are you ready?” and the exercise shall not start until acknowledged by the exhibitor.
- 11.11 All orders shall be given to handlers by the lead judge and shall be sufficiently clear and distinguishable for everyone to follow the judging and, at the end of each exercise, the lead judge shall say, “Exercise Finished.”
- 11.12 Dogs shall be judged in catalogue order with the exception of bitches in season, which will be judged after all other dogs entered on that day have finished. Judges are not required to wait for dogs. It is the responsibility of each handler to be ready with his dog at ringside or start of course when required, without having to be called. It is the handler’s responsibility to notify the Chief Steward if he has a bitch in heat.
- 11.13 If a dog has failed in a particular exercise, it shall not ordinarily be rejudged nor given a second chance. But if in the judge’s opinion, the dog’s performance was prejudiced by peculiar and unusual conditions, the judge may, at his own discretion, rejudge the dog on the entire exercise. In a multi-judge test, the judges must consult with each other, in the presence of the Chief Steward or other test official, and be unanimous in their decision to allow a rejudging.
- 11.14 The judges shall not disclose any results to entrants or spectators until after the results of the judging are entered in the marked Official Catalogue and certified as provided for within these rules and regulations.
- 11.15 A judge is not required to explain his marking and should not enter into any discussion with any entrant who appears to be dissatisfied. Any interested person who thinks that there may have been a technical error, or an error in identifying a dog, may report the facts to the Chief Steward or other test official so that the matter may be checked.
- 11.16 The dog may be guided gently by the collar between exercises or parts of exercise and may be guided into proper position for the next exercise or part of exercise.
-

-
- 11.17 Each section will be judged in order and each dog will be judged in each section (with the exception of bitches in season) before proceeding to the next section.
- 11.18 Except for the Stand-Stay and the Down-Stay exercises, multiple commands and/or signals and/or oral praise are permitted and are not to be penalized.
- 11.19 A dog whose handler takes food or other training aids into the ring or course will receive a “fail”.
- 11.20 A dog who defecates or urinates within the ring area or while performing in draft work will receive a ‘fail’.
- 11.21 If an apparatus and/or load that makes contact with a solid vertical object of more than 15 cm (6”) in height within the ring area or while performing in draft work, the dog will receive a “fail”.
- 11.22 As each handler enters the ring or course, the judges shall see that the dog has on either a well-fitting plain buckle or slip collar. Slip collars of an appropriate single length of leather, fabric or chain with 2 rings, one on each end, are acceptable. Fancy collars or special training collars, or collars that are either too tight or so large that they hang down unreasonably in front of the dog, are not permitted. There shall not be anything hanging from the collars.
- 11.23 All exercises will be performed off-lead, demonstrating cooperation between handler and dog.
- 11.24 Prior to the start of the exercises for each test level, the judges will examine all equipment supplied by the handler in order to approve the safety and suitability of the harnesses and apparatus. The handler will present the dog or brace harnessed and hitched. The cart or wagon will be pulled forward as directed by the judges, for a distance of no less than 3 meters (10 feet).
- 11.25 No specific time limits shall be given. However, it is the option of the judge to deem that a dog is not working and should be marked ‘failed’ and ordered to stop. In a multi judge test, the judges may consult with each other, in the presence of the Chief Steward or other test official, and be unanimous in their decision to order a stop. Dog and Handler are considered to be on a time out during this consultation. Alternatively, the lead judge in any exercise may deem that a dog is not working and should be marked ‘failed’ and ordered to stop if after approximately one minute the team seems unable, unwilling or incapable of completing the exercise.
-

-
- 11.26 In draft work, once a handler has positively acknowledged 'Are you ready?' judging has begun. The dog shall at no time sit or lie down 'while working'. Any position other than standing while hitching, unhitching, loading, unloading or while hitched to a draft apparatus is an automatic failure. This section does not apply to the Control exercises or the Backpacking exercises.
- 11.27 Prior to the commencement of judging in any section of the test in which a "load" is involved, the handlers must be given an opportunity to examine the load and to experiment with it to determine the best method and/or vehicle to use.
- (a) If the load or any drafting equipment falls off the apparatus once the lead judge has asked 'Are you ready?' and received an affirmative response from the handler, and before the lead judge has said 'Exercise Finished' the team will be marked as 'Failed'.
- (b) If the backpacks fall off the dog once the lead judge has asked and received an affirmative reply from the handler to 'Are you ready?' and before the lead judge has said 'Exercise Finished' the team will be marked as 'Failed'.

12 EXERCISES FOR THE DRAFT DOG TEST & BRACE DRAFT DOG TEST

12.1 Control Exercises

12.1.1 Purpose

The Control Exercises demonstrate the dog's ability to be a safe and obedient companion and worker.

12.1.2 Control will be demonstrated in a ring approximately 12.2 meters (40 feet) by 15.2 meters (50 feet). Three basic exercises will be performed:

- Heel Off Lead
- Stand Stay for 1 minute
- Down Stay for 3 minutes

12.1.3 With the exception of harnessing, hitching, and (14-03-10) unhitching, any handler who intentionally touches his

dog or the equipment to assist in an exercise will be marked failed.

12.1.4 Exercise 1 – Heel Off Lead

The dog shall be on the handler's left side and shall remain within arm's reach of the handler at all times. The lead judge shall use at least one of each of the following commands: "forward", "slow", "fast", "normal", "right turn", "left turn", "about turn", and "halt" in any order predetermined by the judge and the same for each dog. Dog and handler shall receive a "Pass" score providing the dog responds to the handler's command and remains within arm's reach of the handler. A stand at heel at the halt is acceptable.

12.1.5 Exercise 2 – Stand Stay

On command from the lead judge, the handler will stand his dog, positioning the dog comfortably if he chooses. The lead judge will give the command 'Leave your dog'. The handler shall give the dog one command to 'stay' by voice, hand signal or a combination, then will leave the dog and walk forward about 1.8 m (6 ft) and turn to face the dog. The dog shall remain in position, shifting of his weight will be allowed. The dog must remain standing from the time the handler leaves until after a one minute period when the judge tells that handler to return to the dog. Upon the handler's return, the dog will remain in position until the judge give the command 'Exercise Finished'.

12.1.6 Exercise 3 – Group Down Stay

(14-03-10) This is a group exercise, with handlers across the width of the ring. No more than 10, nor less than 2 dogs, or 1 brace and 1 dog shall be judged at one time. On command from the lead judge, the handler will put the dog in the down position prior to removing the leash and placing it behind the dog along with the exhibitor number. The dog may be downed manually. The lead judge will give the command "Leave your dog." The handler will give the dog one command to "stay" by voice, hand signal, or a combination, then will leave the dog and walk briskly to the opposite side of the ring where he will turn to face the dog. The dog must stay in position from the time the handler leaves throughout a 3 minute period, and until the handler has been told by the judge to return to the dog, the handler has returned and the dog is in heel position and the judge has said "Exercise Finished." A person may enter more than one dog in this level.

The same handler who handled each dog in the first 2 exercises must handle each dog in the Group Down,

except that where a handler has handled more than one dog in the first 2 exercises, there must be an additional handler for each dog when judged together in the Group Exercises.

12.2 Carting Exercises

12.2.1 Purpose

The Carting Exercises demonstrate the dog's usefulness as a draft animal in manoeuvring loads safely and quietly on a wheeled vehicle over a moderate distance and smooth terrain.

12.2.2 Any dog who sits or lies down while working will be marked as failed.
(14-03-10)

12.2.3 With the exception of harnessing, hitching, and unhitching, any handler who intentionally touches his dog or the equipment to assist in an exercise will be marked failed.

12.2.4 A cart or wagon will be the most suitable vehicle for this test.

12.2.5 Exercise 4 – Harness and Hitching

Handler harnesses and hitches dog in ring. The cart or wagon and harness may be brought in by an assistant or the ring steward; alternatively, the handler will put the dog on a stand stay and get the harness and vehicle himself. During the harnessing and hitching, the handler's skill and the dog's willingness will be judged.

12.2.6 Exercise 5–Manoeuvres

The lead judge will direct the handler to perform a series of maneuvers to test the ability of the dog to be a carting companion. The lead judge shall use each of the following orders at least twice: 'forward', 'left turn', 'right turn', 'halt'. The lead judge shall use the following order at least once: 'slow'. The 'change of pace' must be shown for a distance of no less than 1.2 meters (4 feet).

12.2.7 Exercise 6-Figure 8

The lead judge will direct the handler to manoeuvre through a figure 8 course. Upon completion the lead judge will give the order 'exercise finished'.

12.2.8 Exercise 7 – Backup

The dog must be backed up while hitched for a distance of at least 1.2 m (4 ft). Both dog and vehicle must move backwards.

12.3 Field Work Exercises

12.3.1 Purpose

The Field Work Exercises demonstrate the dog's ability to pull a suitable freight load over a moderate distance in cooperation with his handler.

12.3.2 Any dog who sits or lies down while working will be marked as failed.
(14-03-10)

12.3.3 With the exception of harnessing, hitching, and unhitching, any handler who intentionally touches his dog or the equipment to assist in an exercise will be marked failed.
(14-03-10)

12.3.4 This test should take place on natural terrain, with sloping land, boulders, high grass and/or trees providing natural obstacles.

12.3.5 Exercise 8-Hitching/Loading

The dog may be presented to the judges for inspection already harnessed and hitched if the harness and draft apparatus is identical to that used in the carting exercises. Alternatively, the dog will stand quietly for examination of the harness (dog may be presented already in harness) and stand quietly for hitching to the draft apparatus (if any). Apparatus is not required in this exercise; a hauling harness may be attached directly to the load if preferred by the handler. Dog and handler will then proceed from the starting point to a designated load (could be a Christmas tree, some bush or firewood to be removed from work area, a bag of dog food or some other appropriate load that weighs approximately 18 kilograms (40 pounds) as set by the Test Chair). This load will be approximately 36 kilograms (80 pounds) for brace. This load will be positioned at a minimum distance of 100 metres (109 yards) to a maximum of 140 metres (153 yards) from the starting point. Dog will halt on command and stand quietly to be loaded. The judges will determine that the load is safe and secure before proceeding with the Hauling Exercise. During the Hauling Exercise, the judges will also evaluate the load.

12.3.6 Exercise 9 - Hauling

On command from the lead judge, dog and handler will move forward through a variety of terrain that includes both going up and down gentle hills as well as both left and right turns and 180 degree turn. The dog and handler will proceed at a good working pace for approximately 200 m (656 ft) back to the starting point or back to where the load was first loaded. On command from the lead judge the dog and handler will 'halt'.

12.3.7 Exercise 10 – Unloading and Unhitching

Dog will stand quietly to be unloaded and unhitched.
Exercise finishes when dog is unhitched.

13 EXERCISES FOR THE DRAFT DOG EXCELLENT TEST & BRACE DRAFT DOG EXCELLENT TEST

13.1 Carting Exercises

13.1.1 Purpose

The Carting Exercises demonstrate the dog's competence as a draft animal in pulling a wheeled conveyance on a smooth surface.

13.1.2 Any dog who sits or lies down while working will be
(15-03-10) marked as failed.

13.1.3 With the exception of harnessing, hitching, and
(15-03-10) unhitching, any handler who intentionally touches his dog or the equipment to assist in an exercise will be marked failed.

13.1.4 All exercises in this section will include a load set by
the Test Chair. The weight should be approximately
27.2 Kilograms (60 pounds). This weight is 54 Kilo-
grams (120 pounds) for Brace.

13.1.5 Exercise 1 – Harnessing/Hitching/Loading

Cart or wagon, harness and load will be in the ring prior to the commencement of judging. Dog and handler will enter the ring and the handler will command the dog to stand-stay at a point about 6.1 m (20 ft) from the vehicle. Handler will collect the harness and return to the dog who will cooperate while being harnessed. Dog and handler will walk to the vehicle. Handler will then hitch the vehicle to the dog and load the vehicle.

13.1.6 Exercise 2 – Back Up

After the load is secure, the handler will command the dog to back the vehicle at least 1.2 m (4 ft). Handler may not touch the dog or vehicle during back up. Back up must be in a straight line only. Both dog and vehicle must move backwards.

13.1.7 Exercise 3 – Manoeuvres in two parts

Part 1 - beside the cart

For this part of the manoeuvring exercise the handler may use any position (beside, in front) except behind the dog. Dog and handler will respond to a series of orders from the lead judge. These will include at least two of each of the following: left turn, right turn, halt, normal and one slow for a distance not less than 2 meters (6 feet). The slow will be included during the manoeuvring, not at the beginning or end of the exercise. At a predetermined part of the course the lead judge will order “halt” and then “exercise finished”. Handler will then position himself behind the cart.

Part 2 – behind the cart

This is a continuation of Part 1 of the manoeuvring exercise but should not be a duplication of the course followed in Part 1. Dog and handler will respond to a series of orders from the lead judge. These will include at least two of each of the following: left turn, right turn, halt, normal pace and one slow for a distance not less than 2 meters (6 feet). The slow will be included at some point in the manoeuvring, not at the beginning or end of the exercise. The handler may stray 61 centimeters (24 inches) to either side of the cart; however the dog must perform the entire exercise with the handler behind.

At the conclusion of this part of the exercise the lead judge will order halt and then exercise finished.

13.2 Freight Haul Exercises

13.2.1 Purpose

The Freight Haul Exercises demonstrate the dog’s usefulness as a reliable freighting companion and worker.

13.2.2 Any dog who sits or lies down while working will be marked as failed.
(15-03-10)

13.2.3 With the exception of harnessing, hitching, and unhitching, any handler who intentionally touches his dog or the equipment to assist in an exercise will be marked failed.
(15-03-10)

13.2.4 This exercise is to be performed over rough ground, incorporating such obstacles as trees, boulders, high grass or snow banks, and small hills to be negotiated.

Draft apparatus suitable to the terrain and/or season should be used as in the draft dog test. Apparatus is not required in this test; a hauling harness may be attached directly to the load if preferred by the handler.

A clear description or a walk through the course shall be given before the judging begins. The course shall be clearly marked.

13.2.5 Exercise 4 – Harnessing/Hitching/Loading

Dog will stand quietly to be harnessed and hitched to draft apparatus. The judges may permit the dog to begin the exercise harnessed.

Dog will remain standing while handler loads the apparatus with a suitable load set by the Test Chair (may be some firewood, brush, tools or some other item which would prove awkward to move without the help of the dog and weighing 18.2 to 27.2 kilograms (40 to 60 pounds)). The weight for brace competitors will be 36 to 54 Kilograms (80 to 120 pounds). The emphasis in this section is on steadiness to harness, not the weight of the load.

13.2.6 Exercise 5 – Hauling

Dog and handler will negotiate a course which will be a minimum of 400 meters (1312 Feet) and a maximum of 500 meters (1640 Feet).

The course will include at least two 90 degree turns and at least one obstacle which will require the dog to stop and await instruction and/or help from the handler; for example, a gate to be opened or a curb to be negotiated. The course will also include one narrow area through which the dog, without apparatus, could move easily. The dog is expected to haul both up and down small hills. Dog and handler are to work at a comfortable working speed, and the dog is to remain willing, under control, and responsive to the handler at all times. Dog must be in control at all times during the exercise.

The course may be laid out roughly as a square or circle ending at the starting point. Handler may work ahead, beside, or behind the dog.

13.2.7 Exercise 6 – Unloading and Unhitching

At the end of the course the dog will again stand quietly while his handler removes the load and unhitches. The exercise is finished when the dog is unhitched and the lead judge says “Exercise Finished”.

13.3 Backpacking Exercises

13.3.1 Purpose

The Backpacking Exercises demonstrate the ability of the dog to function as a pack animal, carrying a load over a long distance and rough terrain.

13.3.2 A clear description or a walk through the course shall be given before the judging begins. The course itself shall be clearly marked.

13.3.3 With the exception of harnessing, hitching, and unhitching, any handler who intentionally touches his dog or the equipment to assist in an exercise will be marked failed.

(15-03-10)

13.3.4 Judges must be physically fit in order to negotiate the course with each dog.

13.3.5 A handler whose physical condition prevents his taking part in this portion of the test may designate another person to handle the dog through this exercise.

13.3.6 Dog and handler will be judged as a team throughout this section.

13.3.7 Exercise 7—Loading

- (a) Handlers shall provide an appropriate pack for each animal. Tie cords are optional.
- (b) The dog must carry a 2 day supply of dog food (no tins).
- (c) Backpacks should include items which might be required for a 2 to 3 day trip.
- (d) Packs are to be adequately sized to allow for the dog to carry 1/6 of the dog's weight to a maximum of 11.3 kg (25 lbs).
- (e) Packs will be packed with appropriate items to obtain the required weight and the weight verified with a weigh scale before the backpack is put on the dog.
- (f) The dog will stand quietly to be packed; the handler will pay attention to the dog's comfort on the trail.
- (g) The pack may be put on the dog already loaded. In case of Brace teams, the handler may place one dog in a comfortable position (sit down or stand are acceptable) while packing the second dog.
- (h) Judges will inspect pack and load.

13.3.8 Exercise 8 – Backpacking

The course will be a minimum of 800 m (2624.64 ft) over rough terrain. Ideal areas for a course would be a wooded area with natural trail including fording running water (stream) through narrow trails with natural obstruction such as under brush and fallen logs.

Dog and handler will negotiate a course of at least 800 m (2624.64 ft) over rough terrain and through a variety of obstacles (i.e. fallen trees, fordable streams, steep hills). Dog will remain willing and under control at all times. It is the handler's option whether the dog works ahead, beside or behind the handler.

13.3.9 Exercise 9 – Distraction

At some point along the course, dog and handler will meet a distraction in the form of another dog, on leash, with handler. Dog is to remain obedient and responsive during this encounter.

13.3.10 Exercise 10-Unloading

Upon completion of the backpacking course, the dog and handler will be asked to halt and then unload. The dog will stand quietly while the backpack is being removed. The backpack is placed on the ground near the dog. The lead judge orders 'exercise finished'.

14 SANCTION TEST

- 14.1 Sanctioned draft dog tests shall be governed by such regulations as from time to time shall be determined by the Board.
- 14.2 A sanctioned test is an informal event held by a club whose approval is given by the CKC Zone Director. Only purebred dogs may compete but qualifying scores are not awarded. These tests shall be governed by the same rules as a regular event; it is a training ground for new clubs.
- 14.3 Prior to holding an approved draft dog test, a club must hold at least 1 sanctioned test.
- 14.4 All of these regulations shall govern CKC sanctioned draft dog tests except those which state specifically that they apply to approved draft dog tests.
-

15 PROTESTS

- 15.1 A protest against a dog may be made by an exhibitor, entrant, or any member of the CKC, or a member of the club or association holding the draft dog test. It must be in writing, on a form provided by the CKC (or facsimile thereof), and be lodged with the Draft Dog Test Committee Chair before the closing of the test. A hearing shall be held prior to the departure of all parties. No protest will be entertained unless accompanied by a deposit. This deposit will be returned if the protest is sustained. If the protest is not sustained, the deposit will be forwarded to the CKC with the Draft Dog Test Committee's report.
- 15.2 Where the Draft Dog Test Committee consists of more than 5 persons, the president of the test-giving club shall name 5 members of the Draft Dog Test Committee to act on any protest received by the test-giving club.
- 15.3 Written copies of all decisions on protests must be forwarded immediately to the Discipline Committee of the CKC. The Discipline Committee may take such action as it deems fit in connection with such protest, provided no appeal is submitted to the CKC within 10 days of the date on which the decision was rendered. Such action may include barring the dog from future CKC approved events, imposition of an administrative charge, and/or cancellation of awards. The fact that the Draft Dog Test Committee did not sustain a protest in no way inhibits the right of the Discipline Committee to take such action as it deems advisable.
- 15.4 An appeal to the Discipline Committee of the CKC from a decision of the Draft Dog Test Committee where a dog has been protested must be forwarded, along with the required deposit, to the CKC within 10 days of the date on which the decision was rendered.
- 15.5 If a test-giving club fails to hear a protest as prescribed above, or in the opinion of the Discipline Committee improperly handles a protest, the Discipline Committee shall have the authority to take such action as it deems fit and necessary, and it may at the same time take disciplinary action against the officials of the test-giving club concerned.

16 COMPLAINTS

- 16.1 A complaint against a person respecting a violation of the rules and regulations related to draft dog tests must be in writing, on a form provided by the CKC (or facsimile thereof), and must be accompanied by a deposit. A deposit is not required on a complaint alleging that a judge officiating at a draft dog test held under these rules and regulations has been subject to indignities of any kind during the progress of the test.
- 16.2 A complaint should be lodged with the Draft Dog Test Committee Chair of the test-giving club no later than 15 minutes after the completion of judging of the test. Should the complainant choose to do so, a complaint may be submitted directly to the CKC within 10 days of the test. All such complaints shall constitute complaints under the CKC By-laws and the provisions of same shall apply.
- 16.3 Any complaint against the club holding the test or any of its officials must be submitted directly to the CKC within 10 days of the test. All such complaints shall constitute complaints under the CKC By-laws and the provisions of same shall apply.

-
- 16.7 The Draft Dog Test Committee shall then promptly forward the complaint, the deposit and a record of the hearing together with its recommendation on the disposition of the complaint to the CKC. Copies of the record of the hearing and the Committee's recommendation will be forwarded to the parties concerned at the same time.
- 16.8 When a complaint is received against a judge by the test-giving club, the club will hold a hearing while all parties are still in attendance. The report and all statements given by all parties will be forwarded to the Discipline Committee along with the deposit from the complainant. The Draft Dog Test Committee will not render a decision but will collect all pertinent information.
- 16.9 Notwithstanding any contrary provisions in these rules and regulations, the procedure specified herein for dealing with complaints shall govern.
- 16.10 Disciplinary action will be taken against any official and the test-giving club of which he is an official when it is established to the satisfaction of the CKC that an attempt was made to discourage the submission of a complaint. Disciplinary action will be taken against a test-giving club which fails to properly deal with complaints as provided in these rules and regulations.

17 DISCIPLINE

- 17.5 The administration to a dog competing at a draft dog test of a drug or any substance, in any form, whose action alters the nervous system by stimulation, sedation or tranquillization shall be considered as misleading the judges and will be considered misconduct. The person or persons responsible will be subject to disciplinary action in accordance with this section.
- 17.6 Any person, either within or outside the judging area, who does anything calculated to attract, distract or otherwise interfere in any way with the attention, deportment, or performance of a dog under judgment, may be disciplined by the Discipline Committee in whatever way it considers to be in the best interest of the club, or the judge may take summary action.
- 17.7 It shall be the duty and obligation of the test-giving club to see that a judge, club official, steward, volunteer or competitor at a Draft Dog test is not subject to indignities. The Draft Dog Test Committee Chair shall promptly report to the CKC any infringement of this regulation and the Discipline Committee shall have the authority to take such action as it deems fit on receipt of a report indicating that this has occurred. A copy of this regulation shall be prominently placed in every premium list and catalogue.

22 GLOSSARY OF TERMS

“Arms Reach” means the dog must be within reach of the handler’s arms.

“Draft Work” A time when a dog is harnessed and hitched to a drafting apparatus.

“Halt” On the judge’s command, the handler must command the dog to stop. The dog should start to respond to the handler promptly. The dog or brace and drafting apparatus should stop within 2 body lengths of the dog being tested.”

Place – refers to location where dog was left

Position – refers to stand, sit or down

“Slow” – shall mean a pace distinctly slower than the normal working speed of the dog or brace being tested.

Solid Vertical Object – a three dimensional object which keeps its shape and is considered to be fixed where placed. It may be hollow but not liquid.

“Stay” Dog remains in the location and position indicated by the handler. Minor movements such as adjusting of feet or rolling to the opposite hip are acceptable.”

“Time Out” A specified time indicated by a judge where the dog and handler are not being judged.”

“Working Speed” The dog and handler are to work at a comfortable working speed and the dog is to remain willing, under control, neither too slow nor too fast that demonstrates the ability of the team to be under control at all times.

“While Working” the time between the handler answers ‘yes’ to ‘Are you ready’ and when the lead judge says ‘Exercise finished’.

APPENDIX A - METHODOLOGY FOR GROUP EXERCISES

DDX FREIGHT HAUL EXERCISE

The course is set by the test committee. The loading and unloading area is large enough to accept three teams side by side or in a row. In either case no team shall be closer than five feet from another team.

3 Teams (DDX Freight Haul Exercises)

Three teams would be presented harnessed at three loading areas. There are three approximately identical loads. Each team is asked if they are ready, once all teams acknowledge affirmatively the exercise will begin. The lead judge will ask the entrants to hitch and load their apparatus. Once an entrant has completed loading he will stand quietly beside the cart until the lead judge has inspected the load. The team is then given a 'time out'. This process continues until all of the entrants have had their load inspected. The lead judge will then instruct the lowest numbered team to proceed. The other teams would follow. A maintained distance of 5 to 10 feet between teams is acceptable. At a prearranged area (approx 1/3 of the total distance) the first leader will pull slightly to the side and allow the other two teams to pass. The first leader would now be in the third position.

At a second prearranged area (approx 1/3 of the total distance) usually the area where there is a movable obstacle the second leader would halt remove the obstacle move forward then replace the obstacle and pull slightly to the side. The second and third teams would individually perform the same portion of the exercise. Each team would be on a 'time out' when they are waiting for their turn to perform as well as after performing this part of the exercise. The second leader would now be in the third position. The third leader would now return to the load/unload position where the exercise began. Once all three teams have arrived the lead judge will order the teams to unload and unhitch. An exercise finished is given to each entrant individually upon completion (each entrant may be required to wait quietly as the other teams are still being tested). After all the teams have received an exercise finished the exercise is complete.

2 Teams (DDX Freight Haul)

The only difference would be that each team would lead for approximately half the exercise. In this case a possible position to change the lead would be at the moveable obstacle.

DDX BACK PACKING

3 Teams Back Packing

The course would be set by the test committee. Three teams will be presented at a prescribed loading area. Each team is asked if they are ready, once all teams acknowledge affirmatively the exercise will begin. The lead judge will instruct each handler to stand their dog and then load their dog. Once an entrant has completed loading he will stand quietly until the lead judge has inspected the load. The lead judge will inspect each load and then put the team on a 'time out'. Once all teams have completed this part of the exercise, the lowest numbered team will lead the first part of the backpacking exercise.

At approximately 1/3 the distance the teams will change the lead. The second team is now in the lead and the first lead team is now in the third position. At approximately 2/3 of the distance the teams will again change the lead. The team that started in the third position is now in the lead and the second leader is now in the third position. The teams will proceed to the unload area. The teams will be asked to halt and unload. After each team has completed the unload portion of the exercise they are given an exercise finished by the lead judge (each entrant may be required to wait quietly as the other teams are still being tested). After all the teams have received an exercise finished the exercise is complete.

2 Teams Back Packing

The only difference would be that each team would lead for approximately half the exercise.

DD FIELD WORK

3 Teams Field Work

All teams are presented harnessed and hitched. Each team is asked if they are ready, once all teams acknowledge affirmatively the exercise will begin. The lowest numbered team will then proceed on the course as outlined to the load area. The load area

must be large enough to accommodate three loading positions with three identical loads. The teams will halt and then proceed to load their apparatus. The lead judge will examine each load and then put the team on a 'time out'. Once all teams have completed the loading and each has been inspected the teams will proceed. The team that initially began in second position will now be the lead team and the original lead team will move to the third position. Teams will continue the course and after approximately 100 meters will once again change leads. The team that started in the third position is now in the lead and the second leader is now in the third position. A possible place to change the lead would be at the 180 degree turn. The teams would now return to the load area and unload their apparatus. As each team completes the unload and unhitch portion of the exercise they are given an exercise finished. (each entrant must now quietly wait as the other teams are still being tested). After all the teams have received an exercise finished the exercise is completed.

2 Teams Field Work

The only difference would be that each team would lead for approximately half the exercise.
